REVENUE.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 24th September 1891.

CAMP No. 323—33, DATED MYSORE, 24TH SEPTEMBER 1891.

ORDER.—The present Toddy contracts will expire on 31st March 1892, and the Government resolve to take that opportunity to revise the existing system of farming the Toddy Revenue. In arriving at this resolution, the Government have been influenced by important considerations among which may be named the following :—

1st. That a considerable portion of the income to which Government is entitled, is taken by a series of middle-men ; and

2nd. Government Toddy groves are not properly preserved and conserved. On the contrary, there is deterioration and even destruction to such an extent as in some places not only to imperil the Toddy Revenue of the future, but also to drive persons accustomed to the mild toddy to resort to the strong arrack.

2. Two years ago the Government made an attempt to farm the Toddy Revenue by Taluks, but it was found impossible to get people to come forward to take the Taluk farms owing to absence of correct information as to the value of each farm.

3. Under the present Districtwar system, between the Government Contractor and the shop-men, there generally exist,

1st. The Taluk Shikmidar,

2nd. The grove (or Vanam) Sub-Shikmidar who may be called the Vanamdar, and 3rd. The Sub- Lessees under a Vanamdar, each supplying a certain number of shops.

The Government now resolve to farm the Toddy Revenue throughout the State to persons of the 3rd class above named and they invite the earnest co-operation of every Deputy Commissioner to give effect to this resolution in the most satisfactory manner possible.

4. The localities of the existing Toddy shops are well known. It is equally well known, locally, what shops are supplied with Toddy drawn in each date grove. With accurate information on these points, the Deputy Commissioner will have no difficulty in defining the extent of each farm, an important first step, regarding which the following instructions are issued for general guidance:—

(A) Direct supply farms. (*Aiyn.*)

(1) Where a grove or group of groves, and the shops which are usually supplied by it are so situated, that the whole geographically is in one compact tract, the right of drawing Toddy from such grove or group of groves and selling the same in such shops, should be farmed separately. This is the ordinary rule ; but when the number of shops supplied from a grove or group of groves is more than 6 or 10, the grove or group of groves should, with due regard to all local circumstances, be so divided that each division may fully supply the number of shops to be attached to it. The shop supplied as above and the grove or group of groves so supplying them, shall together form the ordinary Toddy farm which shall be designated "*direct supply (Aiyn) farm* ;"

(2) Farms of the kind above described must be the most numerous, and they depend on no extraneous help as regards supply or consumption. But a few farms of other kinds will be necessary to meet the exceptional requirements of particular places, and they should be constituted as laid down in the following sub-paragraphs ;

(B) Direct supply farms aiding other farms. (*Aiyn kumki*)

(3) When a grove or group of groves is capable of supplying or has usually supplied, shops other than those attached to it under the "direct supply" system. the farmer of such grove or group of groves, should undertake to give at a price not exceeding the maximum rate specified in his Mutchilika, the supply required for such other shops (which should be enumerated in his Mutchilika) in addition to supplying the particular shops attached directly to the grove or group of groves in question. Such a farm shall be called a "*direct and aiding (aiyn kumki) farm.*" Endeavour should be made to avoid wherever possi-

ble, such a dual arrangement as the above, by dividing the group of grove or groves in question, in such a manner as to form out of it a "*direct supply farm*," and a "*grove farm*" and assigning the latter for the service of a convenient "*shop farm*;"

(C) Shop farm.

(4) When a shop or shops situated in a compact tract depend for their supply upon grove situated at a distance, (whether or not in the same Taluk or District) such shop or shops should be farmed (without any groves attached to them) but upon the condition of the farmer buying his supply;

either (*a*) from specified *direct and aiding* (*aiyn kumki*) farms

or, (*b*) from a specified grove or Vanam farm to be hereafter defined,

by paying such price as he may be able to arrange with the holder of the "*aiyn kumki*" or the "*Vanam*" farm, subject however to the maximum price named in the Mutchalika of the last named farm. A farm for shops only shall be called a "*Shop or Angadi farm*". The holder of every "*Shop farm*" should, wherever possible, be given a "*grove farm*" capable of supplying his shops, thereby making him independent of other farmers as far as possible.

(D) Grove farm.

(5) Where groves exist which are not required to be included in any "*aiyn*" or "*aiyn kumki*" farm, they should be separately farmed and such farms called "*grove (or Vanam) farms.*" The Toddy drawn under such farms shall not be sold to the public but may be sold to any "*Shop farms*" or used in very exceptional cases for the manufacture of jaggery under proper Government supervision. The number of persons holding "*grove farms*" without "*Shop farms*" in which the produce can be used should be as small as possible;

(6) The holders of farms other than "grove farms" should be at liberty to make arrangements with private land owners for drawing Toddy from trees on their lands, and to use such Toddy for sale in their farms;

(7) Endeavour will be made by Government to settle with Inamdars separately, and pending such settlement, the excise right of an Inamdar entitled to the Toddy Revenue should be farmed separately and not mixed up with Government farms. The above classification of farms afford the fullest scope for making such separation complete in every particular.

5. In arranging farms on the principles above laid down, it will be desirable to follow, as closely as possible or convenient, the arrangements which the present Government Contractors, or their Shikmidars, or Sub-Shikmidars have made. Where however a farm as constituted by them is unduly large, the same should be sub-divided into several farms, so as to allow of say, 6 or 10 shops being comprised in each division.

6. Existing local prices for sale of Toddy to the public should be adhered to as far as possible.

7. Simultaneously with fixing the limits of a farm in accordance with the foregoing instructions, the proper money value of it should be ascertained by careful local investigation Amounts which present farmers pay to the Contractor, or his Shikmidar, or Sub-Shikmidar, as the case may be, must be regarded as the figures below which the farms must not be let. Every endeavour should be made to secure, by means of local tenders, the highest offer possible under the circumstances, and when such an offer has been secured, it should be accepted, and a Mutchalika taken. The farm in every case shall be subject to confirmation by the Government. It shall be for a period of one year from 1st April 1892. The amount of the farm shall be paid by equal monthly instalments. No farmer need be required to pay any deposit, but he should furnish one or two well known respectable men as security for the due fulfilment of his contract as per his Mutchalika. As a rule, existing farmers should be prefered to outsiders if their offers are reasonable.

8. To work out the foregoing scheme on the spot, the Special Excise Assistant Commissioner and a Special Revenue Officer to be associated with him for the purpose, will presently visit each District. Mr. Gopalaiengar (of the Amrut Mahal Department) has been appointed the Special Revenue Officer. A special allowance of Rs. 100 a month, is sanctioned for him during the time he is employed on this duty. Mr. McDonnell and Mr. Gopalaiengar will be under the orders of each Deputy Commissioner as regards work to be done in his District. They have received personal instructions from the Government, and it is desirable that, with them, the Deputy Commissioner should hold a conference of all Amildars in his District and explain to the Amildars the details of the scheme. These Special Officers should afterwards proceed to each Taluk, and they and the Amildar should collect all the information required, define the limits of each farm, ascertain its annual money value, nominate the farmer after consideration of all tenders received after due local advertisement, take his Mutchalika and submit the same to the Deputy Commissioner. The Deputy Commissioner should himself watch and direct the proceedings taking place as above in the various Taluks, issue from time to time the necessary instructions, and take all steps necessary for the satisfactory prompt completion of the work. When arrangements are completed for a Taluk, he should submit a report of the same to Government with tabular statements explaining the extent and condition of each farm, its present money value and the amount of tender which has been accepted for it, and the aggregate results for the entire Taluk. These reports should be forwarded to the Dewan's Office as they are ready, and all reports should be submitted before 31st January 1892.

9. The advantages of the scheme as above ordered are obvious, but their realization depends upon the judgment and care which local officers may bring to bear upon its working. The Government will watch with interest the steps which Deputy Commissioners may take to give effect to this scheme and the manner in which each Amildar loyally and intelligently exerts himself to secure the object which Government have in view.

10. A special establishment will be required for working the scheme now contemplated. At present, it is not possible to say what establishment will actually be required. The scale of establishment required in each Taluk will vary with the number of farms therein. The duties devolving on the Toddy Establishment will generally be :—

(1) Inspection of date groves,
(2) Prevention of deterioration and destruction of groves from various causes,
(3) Conservancy and improvement of existing groves by planting up vacancies, &c.,
(4) Planting date groves in denuded tracts,
(5) Supervision of Toddy sales with a view to preventing the sale of unwholesome or diluted Toddy, and
(6) Keeping and furnishing accounts and returns to be hereafter prescribed, of quantities of Toddy drawn in the several *Vanams*, and sold at the several shops in a farm; also issuing of passes to cover Toddy transported.

11. The establishment to be immediately entertained should however be temporary and should consist of—

(1) Vanam Mutsaddis,
(2) Amins,
(3) Darogas,
and (4) Mutsaddis for Amins and Darogas.

Vanam Mutsaddis should be in immediate charge of a farm or a cluster of farms to be allotted to them and constituted into so many Mutsaddi's charges. The number of these Vanam Mutsaddis, it is now impossible to determine. No Vanam Mutsaddi need be paid more than Rs. 8 a month, but the more numerous the Vanam Mutsaddis the greater the convenience; and Government believe that local literate men can be found to undertake the work on small allowances of Rs. 3 or 4 a month, at least for the immediate requirements of the inauguration of the new scheme. To overlook these Vanam Mutsaddis, to compile their accounts and returns and generally to carry out in the Taluk, orders relating to the Toddy business, there will be required

for each Taluk an official, who may be called Toddy Amin, to whom will be attached an attendant, who, if he be acquainted with letters, will be useful at office work as well as out-door work. An Amin may not be required exclusively for a Malnad Taluk and it will probably be found practicable to have the Toddy business of such Taluks carried on by the existing Excise Establishments or by the Amin of the nearest Maidan charge. A Daroga will be required for each District with two Junardars attached to him. The Mysore District will require two Darogas.

12. Under such circumstances, the Government will be prepared to sanction for Maidan Taluks, the employment of a temporary establishment up to the limit given in the scale hereunder, till the end of December 1891 :—

Vanam Mutsaddis whose salary shall not exceed Rs. 8 in any case.
1 Amin for each Taluk on Rs. 15+10=Rs. 25.
1 Daroga for each District and one extra for Mysore District on Rs. 50+15=Rs. 65.

MUTSADDIS FOR AMINS AND DAROGAS.

1 for each Amin on Rs. 7+3=10.
2 for each Daroga—one on Rs. 10.
one on Rs. 8.

		Total Establishment..	244
		Contingencies..	5
		Total..	249 per mensem.

13. In appointing the Vanam Mutsaddis and the Amins and their Mutsaddis, care should be taken to select active intelligent local men, and, as far as possible, such as have had experience of the Toddy trade in employments under Government Contractors or their Shikmidars. The Deputy Commissioners will give the Special Assistant Commissioner all help required in the selection of proper men for these appointments. The Special Assistant Commissioner will report, from time to time, the number required for each District and entertain the men on the lines already laid down in anticipation of Government sanction.

14. The Excise Commissioner has arranged to lend some Excise Officers, Testers and Supervisors for employment as Amins, Darogas, &c., and officials thus lent will, notwithstanding the scale as above laid down, draw their present pay in the Excise Department with double horse allowance.

15. The Special Assistant Commissioner will, within one month from this date, submit, through the Excise Commissioner, a statement of the Establishment actually entertained.

16. The forms of Mutchalikas to be executed (containing the conditions on which they are granted) will separately issue at an early date.

FOREST.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Forest),—dated 1st September 1891.

READ THE FOLLOWING PAPER :—

From the Inspector General of Forests in Mysore, To the Chief Secretary to the Government of Mysore, No. 1378—116, dated Bangalore, 21st August 1891.

With reference to Government Proceedings No. 3935—68, dated 4th July last, I have the honor to forward copies of correspondence as per margin and to state that Government will observe that raiyats are entitled under Section 24 of the Forest Rules of 1878, to take free and without any license unreserved wood or bamboos required for their agricultural purposes and that therefore they need not go to the Amildar for any license, nor is there any occasion for him to make a reference to the Forest Officer on that subject. If the representative members mean that they do not easily get paid licenses through the Amildar, they should be referred to the subsidiary rules published under Government Notification No. 198, dated 21st September 1889, under which Amildars have been empowered to issue licenses to traders and others up to 10 cart-loads in the case of timber and 20 cart-loads in the case of bamboos in "District Forests". In exceptional cases where the raiyats have to obtain bamboos from a State Forest for such purposes as referred to in the representation, concessions will be made upon certain conditions as the enclosed correspondence will show ; and similar concessions elsewhere, have enlisted the sympathy of raiyats particularly in fire protection.

FINANCIAL.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 8th September 1891.

READ THE FOLLOWING :—

Letter No. 256, dated 5th August 1891, from the Deputy Commissioner, Kadur District, To the Chief Secretary to the Government of Mysore, Bangalore.

I have the honor to state, with reference to Proceedings No. 2555-63—Cir. 38, dated 25th May 1891, that the pay sanctioned therein, *viz.*, Rs. 5 for each Process Peon, is too small to secure the services of really useful men.

In the Malnad Taluks especially, where they have to traverse hilly and jungly tracts, the services of men on a salary of Rs. 5 per month cannot be secured.

I therefore request the orders of Government to sanction the rate of Rs 6 and 7 for 24 men required for this District as per margin and beg that the same may be intimated to the Comptroller who, in his No. 1139, dated 10th June last, has asked to know the number of men required for the District.

	No.		Rate.	Amount.	
			Rs-

The average collection of fees per year for the District comes to a sum of Rs. 879-12-0.

No. 6656-7—132, DATED 8TH SEPTEMBER 1891.

ORDER.—Under the circumstances represented in the above, the Deputy Commissioner's recommendation is sanctioned.

T. ANANDA ROW,
Chief Secretary.

To—The Deputy Commissioner, Kadur District.
The Comptroller to the Mysore Government.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial,)—dated 10th September 1891.

Read again Government Proceedings and Official Memorandum dated 4th and 31st March 1891, Nos. 13680-9—288 L. 375 and 14631—919 L 439 respectively.

Read letter from the Comptroller, dated 6th April 1891, No. 174, submitting a statement showing the estimated receipts under Local Funds General for the year 1891-92.

Read also the following papers from the Deputy Commissioners of the several Districts submitting statements showing the works proposed to be executed out of the grant of Rs. 10,000 promised to each of the Districts from Local Funds General:—

(1) Letter from the Deputy Commissioner, Bangalore District, dated 18th April 1891, No. 46.

(12) Do Do Kadur, 2nd May 1891, No. 49.

(13) Letter Do do 24th July 1891, No. 218.

(14) Docket Do Chitaldroog, 27th May 1891, No. 95—89.

No. 6591-6600—L. 451, DATED BANGALORE, 10TH SEPTEMBER 1891.

ORDER THEREON.—The balance in favor of the Local Funds General on 1st April 1891 was Rs. 2,92,502 and the collections during 1891-92 are estimated at Rs. 1,00,000. The total thus amounts to Rs. 3,92,502.

2. Out of the above sum, Rs. 40,000 have been ordered to be lent to the Municipality of Chikmagalur and Rs. 366 have been ordered to be paid to the Kolar Municipality partly as loan and partly as grant-in-aid. Deducting the above, the sum available for expenditure is Rs. 3,52,136.

3. In their Proceedings dated 4th March 1891, No. 13680-9—288 L 375, the Government promised to make a grant of Rs. 10,000 to each of the Districts for useful works and called upon the Deputy Commissioners to submit a statement of works they proposed to undertake in consultation with the District and Municipal Boards. The papers read above are in reply.

4. As will be seen from the accompanying statement, the Deputy Commissioners have in several cases proposed to utilize the grant for works in Municipalities. The Government do not think it proper to allow the grant to be expended in Municipalities unless the works proposed are useful to the general public. All Municipal works must be executed from the Municipal funds. The Government have accordingly disallowed the sums proposed for such works in Municipalities as are useful

only to the towns people, and have sanctioned as noted in the accompanying statement. the following sums :—

No.	Districts.	Wells, Ponds, Hondas, Reservoirs, Gokattes, Tank repairs, Steps to tank &c.	Chattrams, Musafarkhanas, Village Choultries or Chavadis, Mantapams.	Roads, Bridges, Tunnels, Causeways, Log-drains.	Total.
1	Bangalore District ...	325	2,000	1,420	3,745
2	Kolar District ...	4,705	2,596	50	7,351
3	Tumkur District ...	800	2,400	1,000	4,200
4	Mysore excluding French Rocks Sub-Division ...	2,758	1,869	...	4,627
5	Do French Rocks Sub-Division ...	1,910	200	150	2,260
6	Hassan District ...	4,800	...	3,900	8,700
7	Shimoga District ...	7,735	1,700	500	9,935
8	Kadur District ...	2,700	500	4,800	8,000
9	Chitaldroog District ...	8,474	650	...	9,124
	Total Rs.....	34,207	11,915	11,820	57,942

5. The Government presume that all the above works will be executed by the Revenue Department and the Comptroller will be requested to place the above sums at the disposal of the Deputy Commissioners concerned. Estimates costing Rs. 200 and upwards should be submitted to this office, Notifications of sanction being forwarded for works costing less. The estimates should include the cost of minor establishments necessary for the execution of the works. If any of the works are proposed to be executed through the Public Works Department, the same should be reported in view to the necessary transfer of funds being made to that Department.

6. It must be understood that all works now executed will have to be maintained from the District Funds.

7. The question of the allotment of funds from the Local Funds General for the proposed Pilgrim Chattram at Shimoga recommended by the Shimoga Municipal Board in para 3 of their Proceedings dated 13th March 1891, will be separately considered.

		Goviadoku...	11. Repairing a descending well.	This is the only well in the village, but is out of repair and in a dangerous state. It requires deepening as the present supply is insufficient. The cattle are obliged to go to jungle streams 3 miles off on account of want of water in the village itself.	500	Contribution expected is Rs. 100.	Do	400
	Hiriyur.	Adivala ...	12. Constructing a gokatte.	There is only one draw well in the village, the water of which is hardly sufficient for the villagers themselves. Their cattle have to go 3 miles off to a jungle stream called Madavnhalla. A gokatte or reservoir for cattle is strongly recommended.	3,000	The raiyats though comparatively poor promised to contribute Rs. 750 towards the work.	Disallowed, the total pro-sum proposed for the District being in excess of Rs. 10,000. This work may be taken up another year.	...

Chitaldroog.

Jagalur.	Gollihal ...	... 13. Repairing a descending well.	The well was sunk at a cost of Rs. 500 by one Hanumaniya, who agrees to make it over for the public use. The raiyats pray that the necessary stone work may be constructed at Government cost. This is situated on the road between Chitaldroog and Hiriyur and if repaired would be very useful to the raiyats and their cattle and also to travellers.	500	The raiyats are reported to be too poor to make any contribution for the work.	Sanctioned.	500
	Mavadihalli	... 14. Constructing a gokatte.	This is a thickly populated village containing only one well, the water of which is hardly sufficient for men and cattle. As there is no other source of water supply in the town, the raiyats pray that a gokatte or reservoir for cattle may be built.	2,500	The raiyats offer a liberal contribution of Rs. 1,000.	Disallowed, the total sum proposed for the District being more than Rs. 10,000. This work may be taken up another year.	...
	Yelladakere	... 15. Repairing a descending well.	This well is situated on the road side and is therefore very useful to travellers halting at the place.	200	No contribution is expected.	Sanctioned.	200
	Burjanrolla	... 16. Sinking a draw well.	This well is solely for the use of Beggars in the village, who have no separate well at present and who are consequently put to much difficulty for water.	100	Contribution expected is Rs 50.	Do	50
	Magadi ...	... 17. Constructing a bonda.	The villagers at present fetch water from a stream one mile off. Water difficulty is greatly felt by them and a well near the village is recommended.	500	Contribution expected is Rs. 100.	Do	400
	Vyasagondahalli	... 18. Repairing a gokatte.	In the hot weather the gokatte contains no water and cattle suffer very much for want of water, which has to be obtained from a deep draw well. It is therefore proposed to increase the capacity of the gokatte or otherwise improve it.	200	Contribution expected is Rs. 50.	Do	150
	Bedarkere	... 19. Improving and repairing a mantapam on the road side.	This building is situated close to the road to Jagalur from Chitaldroog. Travellers halt here as there is a well near it. For the convenience of the travellers, it is proposed to improve and repair the existing building.	150	No contribution is expected.	Do	150

		Madammanahalli ...	23. Do	This was a kacherakh village and is now being inhabited by vaddars, who have now taken up lands there. As there is no water convenience for them in the village, it is recommended that a well may be sunk to induce them to induce more people to come and settle themselves in that village.	300	Recommended.	Do	300
		Hongal ...	24. Repairing a Dalvaykunte.	The kunte adjoins the Bangalore-Bellary road and is very useful to travellers and it supplies water to the cattle of 4 or 5 villages. Hongal is a place of encampment for troops and is a halting place for travellers. The kunte is proposed to be improved so as to increase its capacity.	300	The raiyats cannot contribute anything towards the work as they are poor.	Do	300

Chitaldroog.	Holalkere.	Matenakanve	...	25. Sinking a well.	This village is situated in the midst of hills, where there are no drinking water wells. At present the villagers use the water of a pond which dries up during the hot weather. Moreover this water is impure and unhealthy. The sinking of a drinking water well is very necessary.	350	The rayats are very poor and are unable to pay any contribution.	Sanctioned.	350
	Hollalhunur.	Bommagondankere	...	26. Improving the Hosketta gokatte.	The gokatte is close to the Bangalore-Bellary road. The travellers as well as cattle of 3 or 4 villages depend upon this katta for water. It can be easily improved so as to hold more water.	250	The rayats are unable to contribute any money as they had done once about 3 years when katte was once repaired.	Do	250
		Tumavahalli	...	27. Constructing a gokatte.	The village is situated on the frontier of the Taluk bordering on the Bellary District. The Bangalore-Bellary road passes through this place and several cartmen halt here. There is no water convenience for travellers and cattle and the construction of a small katte is recommended.	400	Recommended.	Do	400
		Punajur ...	...	28. Sinking a well.	The rayats feel a great difficulty for water for themselves and cattle in the village. They depend upon water entirely upon a small pit at a distance of 3 furlongs from the village. The sinking of a well is very necessary.	200	Contribution expected is Rs. 50.	Do	150
		Padikatte ..	...	29. Repairing a descending well.	There is a well at the entrance to the village which dries up in summer. The rayats have sunk a descending well at their own cost and they pray that necessary stone revetment may be built by Government.	300	The rayats are willing to contribute Rs. 50 towards the work.	Do	250
		Tedavanhal	...	30. Sinking a drawing well.	This village containing 100 houses has a katte at the entrance to the village which dries up in hot weather, when scarcity for water is much felt by villagers. Hence a new well is proposed to be sunk.	200	Contribution promised for work is Rs. 100.	Do	100

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 14th September 1891.

READ.—

Letter from the Deputy Commissioner of the Bangalore District, dated 6th August 1891, No. 394, submitting the details of the estimates of charges and the names of members of the Municipality of Sulibele, as called for in Government Proceedings, dated 10th June 1891, No. 2800-4—L. 209.

No. 6838-9—L. 510, DATED BANGALORE, 14TH SEPTEMBER 1891.

ORDER THEREON.—The details of charges under IV. Conservancy, VII. Lighting and VIII. Public Works are as noted in the margin.

IV. Conservancy.

		Rs.
(1)	Allowance to Shanbhog for keeping accounts and helping in supervision ...	24
(2)	3 sweepers at Rs. 3½ each per mensem ...	126
	Total...	150

VII. Lighting.

Cost of lighting 4 lamps at 10 annas per mensem ...	30

VIII. Public Works.

(a)	Road repairs	115
(b)	Opening drains	19
	Lamp-posts	36
	Total Rs...	200

IV. Conservancy.—Item 1.—The Government consider that it is the duty of the Shanbhog to keep accounts of House and Mohatarfa taxes and it is not clear why any allowance is proposed to be granted to him. The Deputy Commissioner is requested to state whether the Shanbhog does not receive Potigi allowance, and whether in determining the amount of that allowance, the collections of House and Mohatarfa taxes in the Municipality were not taken into account. Meanwhile the estimate will stand.

VII. Lighting.—The cost of purchasing lamp-posts will be transferred from VIII. Public Works to this head. The total sum sanctioned under this head is Rs. 66.

VIII. Public Works.—Excluding Rs. 36, the price of lamp-posts transferred to VII. Lighting, the balance of Rs. 164 is sanctioned.

		Rs.
(a)	Road repairs	145
(b)	Constructing drains	19
	Total...	164

The appointment of the persons named in the margin as Municipal members is sanctioned. The Deputy Commissioner is requested to report the profession of the members Nos. 2 to 5.

OFFICE OF THE DEWAN OF MYSORE.

DATED BANGALORE, 15TH SEPTEMBER 1891.

CIRCULAR.

As it is necessary that the District Fund Budgets should be passed before the annual Public Works Department Budget is sanctioned, the Deputy Commissioners

of the several Districts are requested to submit their District Fund Budgets before the end of October of each year, preceding that to which the Budgets relate. The Budgets for 1892-93 should reach this Office before the 31st of next month.

2. A provision should be made in the Budgets for such works as may have been sanctioned during the year, but may possibly remain incomplete at the end of the year.

3. The Public Works Department should enter in their Budget only such works as are sanctioned by the District Fund Board and approved of by Government and none else.

The Chief Engineer.
The Comptroller.
The Senior Surgeon.

No. 6773-84—L. 514. OFFICE OF THE DEWAN OF MYSORE.

DATED BANGALORE, 15th SEPTEMBER 1891.

CIRCULAR.

The Budget Estimates of the several Municipalities are not received in the Government Office on the due date, some of them being submitted after the expiration of a month or two of the year to which they relate. As it is of the utmost importance that all the Budgets should go out before the commencement of the year to which they refer and that no expenditure should be incurred without the Budget sanction, the Presidents of the several Municipalities are requested to see that the Budget Estimates of each of the Municipalities are passed at its meeting held in October and that they are submitted to Government not later than the 1st December every year.

Docket from the Deputy Commissioner of the Kadur District dated 26th August 1891, No. 286, submitting a statement o assets upon which Local Cess is collected as called for in Government Proceedings dated 8th July 1891, No. 4106-16—L. 285.

No. 7025—L. 548, DATED BANGALORE, 19TH SEPTEMBER 1891.

ORDER THEREON.—In the statement referred to in the above, the total cess collections are entered as Rs. 50,781, of which 76 per cent creditable to District Funds comes to only Rs. 38,593, while Rs. 43,212 have been shown as receipts under this head in the Budget already sanctioned. In the statement now submitted, the Local Cess on Sayer revenue is not shown. Probably this accounts for the difference above pointed out. The Deputy Commissioner is requested to explain the matter and state the correct sum that has to appear under District Funds.

2. The Government note that Local Cess has not been calculated on a sum of Rs. 1,178 representing the assessment of certain Service Inam lands lying waste belonging to the Kalasa Temple, &c. The Deputy Commissioner is requested to report the authority under which the Service Inam lands have been exempted from Local Cess.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),— dated 25th September 1891.

No. $\frac{7259\text{-}66}{L\ 576}$

OFFICE OF THE DEWAN OF MYSORE.
Dated Bangalore, 25th September 1891.

OFFICIAL MEMORANDUM.

Deputy Commissioners of the several Districts are requested to submit their Budgets of District Funds for 1892-93 in the forms herewith circulated. These forms should be adopted in future also till further orders.

2. It is not necessary that all works should be executed by the Department of Public Works. Such works as do not require professional skill, and can be executed by Revenue Officers with the aid of an ordinary temporary Mestri should be shown separately from those to be executed by the Department of Public Works, in view to the necessary funds being allotted for the same.

3. Very little provision is now made for the conservancy and sanitation of rural parts. The Deputy Commissioners should remember that District Funds are specially intended for such purposes, and they should make suitable provision for the same in their Budgets for 1892-93. Cleaning streets in populous villages, clearing prickly pear in localities adjacent to villages, planting trees for affording shade to men and cattle, and such other works as are calculated to increase the health and comfort of people in the rural tracts fall within the scope of District Funds.

4. The expenditure proposed in each Taluk should as far as possible be proportionate to the revenue realized in it. The Government are of opinion that at least one half the revenue realized in each Taluk should be spent in it, the excess and the grants from Local Funds General, &c., being appropriated for the benefit of Taluks which are poor but stand in need of help.

A. SRINIVASACHARLU,
Under-Secretary.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 29th September 1891.

No. 7531-40—Cir. 133, dated Bangalore, 29th September 1891.

Order.—Mr. B. G. Krishnaiengar, Assistant Commissioner of Bangalore, is deputed by Government to explain to the raiyats of the 3 Districts noted in the margin, the liberal intentions of Government in regard to advances to be made for the excavation of wells under the rules recently sanctioned and also to make suitable advances under the following rules. The Deputy Commissioners of the Districts named above are requested to give him every assistance in their power.

1. Kolar.
2. Tumkur.
3. Chitaldroog.

2. The following instructions are issued for the guidance of Mr. Krishnaiengar and the Deputy Commissioners concerned. If the Deputy Commissioners of the other Districts consider that the rules may with advantage be extended to their Districts also, they are requested to report the same and the probable amount of advances required for their Districts.

3. Mr. Krishnaiengar will be allowed the following establishment to enable him to carry out his work :—

(1) One Overseer competent to make estimates on a salary of Rs. 50 per mensem.

(2) One Clerk on a salary of Rs. 25 per mensem.

(3) One Accountant on a salary of Rs. 30 per mensem.

(4) Four Peons, two on a salary of Rs 7 per mensem and two on a salary of Rs. 6 per mensem each, and two Laskars on Rs. 7 each.

(5) One Vaddar Mestri competent to superintend the excavation of trial wells on a salary of Rs. 20 per mensem.

4. The above servants will draw batta when travelling under the rules, and Mr. Krishnaiengar may incur such other expenses as may be necessary for the excavation of trial wells, purchase of tools, &c., and submit a bill for the sanction of Government.

5. A hill tent and sleeping pal, large size will be placed at the disposal of Mr. Krishnaiengar.

6. Mr. B. G. Krishnaiengar is authorized to sanction all estimates costing Rs. 500 and less; but when the cost exceeds that amount but less than Rs. 1,000, the sanction of the Deputy Commissioner shall be obtained.

7. All estimates costing more than Rs. 1,000 should be submitted to Government for special sanction through the Deputy Commissioner concerned.

8. The total cost of wells sanctioned in the above named 3 Districts should not exceed Rs. 1,00,000 during 1891-92

9. As soon as the estimate is sanctioned, Mr. Krishnaiengar is authorized to determine the amount of the 1st instalment of the loan to be made and grant to the applicant an order on the treasury of the Amildar, in whose taluk the well proposed may be situated. He shall advise the Treasury Assistant Commissioner and the Amildar of the issue of the order for payment.

10. When the first advance of the loan is expended, the raiyat receiving the advance may apply to Mr. Krishnaiengar or in his absence to the Deputy Commissioner of the District through the Amildar of the Taluk, for the measurement of the work done and for the payment of the second instalment. When the work is measured, Mr. Krishnaiengar or in his absence the Deputy Commissioner will order

the payment of the second instalment. After the completion of the well, the order prescribed in the rules shall be given to the raiyat. Such orders should invariably be signed or countersigned by the Deputy Commissioner.

11. Mr. Krishnaiengar is requested to submit to Government, through the Deputy Commissioner concerned, a fortnightly statement showing the number of wells sanctioned by him, the amount of advance made and the time within which they are promised to be completed. The statement should show the name of the individual to whom the advance is made, the village and taluk in which the well is to be excavated, the total estimated cost of the well and the amount of the 1st instalment ordered to be paid. The Deputy Commissioner should make the necessary arrangement for the wells being constructed within the time stipulated.

12. If the raiyat applying for the advance is a substantial man, no security need be demanded of him for the repayment of the advance made to him in case he fails to excavate the well within the time stipulated ; but in the other cases, personal security should be demanded.

13. All advances made on account of wells should be shown in the Treasury Accounts under two heads, *viz* :—

(1) Loans made finally after the completion of the wells and issue of the order prescribed in the rules.

(2) Preliminary advances made prior to the completion of wells and the issue of the loan order.

When the well is completed and the loan order is issued, all preliminary advances made should be transferred to loans.

14. The fees paid under Rule XIII should in the first instance be credited to Revenue Deposits. Most of them will have to be refunded to the parties, but any fees that may be declared by Mr. Krishnaiengar or the Deputy Commissioner as forfeited to Government may be credited to Revenue Miscellaneous.

15. All expenses incurred should be debited to Miscellaneous according to the instructions that will be issued by the Comptroller.

16. As Chitaldroog District is now badly off from want of rain, the Assistant Commissioner Mr. Krishnaiengar will proceed at once to that District and make the preliminary enquiries and commence operations in one or two taluks in communication with the Deputy Commissioner.

17. Mr. Krishnaiengar, while employed on the special duty as above, will draw a salary of Rs. 450 with an allowance of Rs. 50 per mensem and travelling allowances at rates in force for Deputy Commissioners in consideration of the present exceptional season and having to travel over several Districts.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 30th September 1891.

READ AGAIN:—

Government Proceedings No. 2374-5—18, dated 25th May 1891.

Also docket No. 201 of the 22nd June 1891, from the Superintendent, Revenue Survey in Mysore.

(3) Docket No. 327—308 of the 31st July 1891, from the Deputy Commissioner of the Shimoga District.

No. 7679-81—45, DATED BANGALORE, 30TH SEPTEMBER 1891.

ORDER THEREON.—In para 4 of the Government Proceedings above cited, it was decided that the Potigi allowance payable to the Shanbhog who was collecting assessment on Government lands situated in the Inam villages Gauja Kannur and Tagarti in the Shikarpur Taluk, should be determined with reference to the amount of revenue realized on Government lands and that the amount payable by the Inamdar should be determined by the Deputy Commissioner under Rule IV of the Land Revenue Rules.

2. The Superintendent, Revenue Survey, to whom the above Proceedings were communicated, refers to his letter No. 308 of the 7th August 1888 with which he had submitted two statements showing the amount of final remuneration payable to the Patel and Shanbhog for the collection work in the Inam villages above referred to, and states that the amount therein recommended was calculated on the amount of revenue realized on Government lands only.

3. These statements which had been by mistake forwarded to the Deputy Commissioner of Shimoga and which have now been received from that officer, show that in addition to the existing allowance of Rs. 1—1—1, Rs. 12—6—11 have been fixed as the remuneration of the Shanbhog and Rs 16—12—0 as that of the Patel.

4. The payment of the final remuneration to the Shanbhog, *viz.*, Rs. *12—6—11 is sanctioned with effect from 1st September 1886 the year in which the Potgi of all the villages in the Shikarpur Taluk is reported to have been settled.

*Excluding the existing allowance of Rs. 1—1—1.

5. The bill received with Comptroller's letter No. 1790 of the 29th August 1888 will accordingly be forwarded to the Deputy Commissioner for revision and resubmission to this office if necessary, for payment of the arrears to the Shanbhog.

6. The Deputy Commissioner reports that there is no necessity for remunerating the Patel for collecting the revenue which is small. But the Government see no good reason for not allowing to the Patel the remuneration to which he is legally entitled under the rules. The Deputy Commissioner is therefore requested to submit a bill for his remuneration also.

GENERAL.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 6th September 1891.

READ :—

Letter No. 71 of the 11th August 1891, from the Officer in charge of the Lunatic Asylum, Bangalore.

I have the honor to forward for information the enclosed docket No. 200, dated 5th instant, and an extract of the statement of Revenue Deposits received from the Treasury Officer, Bangalore District, and to request the favor of sanction being accorded to treat the Lunatic Labor Fund Deposit as a distinct fund.

The Labor Fund Deposits consist of sale proceeds of cloths and vegetables and a portion of it is the permanent advance held by the Senior Surgeon for Lunatic and Leper Asylums and Medical Stores for contingent expenses and as these sums are occasionally required to be drawn to meet charges for weaving materials, &c, it is desirable that it should be treated as a current deposit account.

Letter No. 2209 of the 27th August 1891, from the Comptroller to the Government of Mysore.

With reference to your Memo No. 6213—355, dated 24th August 1891, on letter No. 71, dated 11th idem, from the Medical Officer in charge of the Lunatic Asylum, Bangalore, regarding the formation of a "Lunatic Labor Fund," I have the honor to state that as the income and expenditure in connection with Lunatic Labor is of a recurring nature, they should not, as has been done hitherto, be treated as deposit transactions inasmuch as no period can be fixed for their adjustment ; I therefore see no objection to a distinct fund to be styled "Lunatic Labor Fund" being opened in the accounts to record such transactions. The advantage in this will be that the income and expenditure of the Fund will come under the audit of this Office and the balance at the close of each year will be ascertainable yearly.

2. The placing under deposit of a portion of the permanent advance held for contingencies of the Asylum as stated by the Senior Surgeon is irregular and should be discontinued. The advance should be held on the personal responsibility of the Officer in charge of the Asylum to meet such petty contingencies as are necessary and recouped at the close of the month. If the advance is in excess of his monthly requirements, he should refund the excess to the Treasury. *Vide* Chapter 5, Rule 3 of the Civil Account Code.

No. 6613-1—57, DATED BANGALORE, 6TH SEPTEMBER 1891.

ORDER THEREON.—As recommended in the above correspondence, the Government of His Highness the Maharaja are pleased to authorize the formation of a "Lunatic Labor Fund," for the purpose of recording the transactions connected with the Lunatic labor.

2. The attention of officers concerned is drawn to the remarks made by the Comptroller in para 2 of his letter above recorded.

No. 321, dated 15th July 1891, from the Deputy Commissioner, Mysore District.
No. 484, dated 11th September 1891, from the Director of Statistics and Agriculture in Mysore.

No. 6999-7003—Cir. 123, dated 16th September 1891.

Order thereon.—In their order dated 16th February 1891, No. 12974-82—276, the Government requested the Deputy Commissioners of the several Districts to report on the existing arrangements for the supply of Government bulls for breeding purposes, and to report on the desirability or otherwise of maintaining a few Government bulls in each District for the above purpose. The letters read above are in reply.

2. Some bulls appear to have been supplied to some Districts some years ago, but they are all now dead and there are no Government bulls in any District at present. All Deputy Commissioners, excepting the Deputy Commissioner of Chitaldroog, consider that some bulls may be supplied to each District with advantage. The Director of Agriculture states that the breed of cattle in Mysore is not deteriorating, but that nevertheless, something may be done to improve the breed. He suggests that in addition to supplying some good bulls to each District for breeding purposes, owners of cattle may be allowed to buy Amrut Mahal bulls at reduced prices if they promise to use them for breeding purposes alone.

3. The suggestion of the Director of Agriculture commends itself to Government and they have no doubt but that the supply of good bulls will improve the breed. The Superintendent of Amrut Mahal Cattle will accordingly be requested to supply each District as soon as possible with 3 good bulls for the purposes of breeding and also to sell to such persons as the Deputy Commissioners may recommend, bulls for breeding purposes at half their cost. The number so sold at half prices should not exceed 5 for each District. The cost of the bulls supplied and half the cost of the bulls sold to raiyats at reduced rates, will be paid from the District Funds.

4. Deputy Commissioners should recommend the sale of bulls at half price, only to such raiyats as own a large number of cattle and agree in writing to use them for breeding purposes only.

5. The Government bulls supplied free of charge should be branded with a distinctive mark to prevent them being mixed up with other cattle. One of the 3 bulls supplied free of charge should be at the Head-Quarter Taluk of each District and the other two in such places as the Deputy Commissioner may select. If there is any respectable raiyat who is willing to take charge of these Government bulls and feed them at his own cost, they may be made over to him on the condition that he is not to use the bulls for any purpose other than that of breeding, and that he should also allow raiyats generally to use them for breeding purposes at a small

charge of 2 annas for each covering. If there are no raiyats who are willing to take charge of the bulls on these conditions, they should be maintained at the cost of District Funds and a fee of 4 annas charged on each occasion it is allowed to cover.

6. Officers or raiyats in charge of Government bulls should maintain a register showing the number of cows covered each day and they should also obtain information from the owners of cows covered in regard to the results and note the same in the registers. A paragraph should also be denoted to this subject in the Annual Administration Reports of District Funds, and the number of cows covered, and the results as far as could be ascertained stated in it.

7. The Government will gladly supply a larger number of bulls if the experiment now to be tried shows favorable results.

Proceedings of the Local Fund Board dated 13th March 1891, submitted with the docket of the Deputy Commissioner of the Chitaldroog District dated 27th May 1891, No. 95—89.

No. 7014—L. 543, DATED BANGALORE, 19TH SEPTEMBER 1891.

ORDER THEREON.—The Local Fund Board represents that the Deputy Amildar of Hosdurga is to his range what the Amildar is to his Taluk in all the matters pertaining to the wants and welfare of his raiyats and recommends that the Deputy Amildar may be recognized as a member of the Board. The proposal cannot be sanctioned under the rules now in force, but there is no objection to the Deputy Amildar being present at the meetings of the Board and making his suggestions and proposals, though he is not competent to vote.

EDUCATIONAL.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Education),—dated 1st September 1891.

ORDER C. No. 80-88, DATED 1ST SEPTEMBER 1891.

1. The Sub-Deputy Inspectors of Kannada Hobli Schools having failed to give satisfaction, Government have resolved to dispense with their services from the 1st September 1891. In the interests of primary education, it has been found necessary to appoint a class of officers possessing high educational qualifications and reliable character to be in charge of the Primary Schools of the Province.

2. The entire cost of the Inspecting staff and their office establishment will be borne by the State Funds from the 1st September 1891.

3. It will be necessary to employ three additional Deputy Inspectors, one of each of the three grades. It is proposed also to employ an Assistant to help the Deputy Inspector of the Bangalore District which contains the largest number of schools. The 125 Hindustani Middle and Primary Schools of the Province which have hitherto been inspected by only one Sub-Deputy Inspector will form the charge of two Assistant Deputy Inspectors on Rs. 50 a month, the Province being divided for the purposes of inspection into two Circles, East and West, the former embracing the Districts of Bangalore, Kolar, Tumkur and Chitaldroog with a total of 67 schools, the latter including the Districts of Mysore, Hassan, Shimoga and Kadur with a total of 58 schools. The Assistant Deputy Inspectors will work under the orders of the Deputy Inspectors of their Circle or District.

4. The following comparative table of the cost of the old and proposed scales of the Inspecting staff and their establishments shows that at present the cost to the State Funds is Rs. 1,232 per month and to the Local Funds Rs. 648, or a total of Rs. 1,880 a month from both funds. When the revised scale comes into force, the total cost met from the State Funds alone will be Rs. 2,023. The maximum cost of the old scale defrayed from both State and Local Funds was Rs. 1,940, the maximum cost according to the new scale will be Rs. 2,253.

5. The Deputy Inspectors will inspect all the Middle and Primary Schools, both Government and Aided, the Deputy Inspector of Bangalore being given the help of an Assistant. The Assistant to the Education Secretary, who at present inspects all the schools in Bangalore City, will be relieved of his inspection work which will form part of the duties of the Deputy Inspector of the Bangalore District. The writer and peon of the Assistant to the Education Secretary will form part of the Education Secretary's office establishment and continue to work in the office as hitherto. The separate post of Deputy Inspector of Sanskrit Schools will be abolished, but Mr. S. Rangacharlu will have his head-quarters at Mysore for the present and be in special charge of His Highness the Maharaja's Sanskrit College and the principal Sanskrit Schools of the Province, which are in the Mysore District. He will at the same time inspect all the schools of the Taluks of the Mysore District which are noted in the margin and which will be called the Mysore North Circle, the schools of the remaining taluks which will form the Mysore South Circle being under the charge of another Deputy Inspector.

DECISIONS OF GOVERNMENT IN REVENUE CASES.

SEPTEMBER 1891.

Serial No.	Proceedings.			Subject and Order.
	No.	Date.	To whom sent.	
1	7096-7—P. 98.	15th	The Deputy Commissioner of the Bangalore District.	Appeal No. 2166 of 15th December 1890. *Appellants.* *Vs.* *Respondent.* 1. Jule Narasimhaiya. Siddegauda. 2. Dodda Narsegauda, of Gaudankunte, Doddaballapur Taluk. The 1st Appellant was appointed Patel of Gaudankunte village in 1886 in the place of his late uncle Payegauda, but it having been reported that he did not reside in the village and did not own any lands in it, he was directed to reside in the village and acquire lands within a month, which he agreed to do; but he having failed to fulfil the promise, the Respondent, a distant collateral, was appointed to the post in 1887. The 1st Appellant stated that he has a house in the village and is willing to reside in it, and that he has also a share in the lands held on patta by his cousin, the 2nd Appellant, and requested that he be restored to the appointment. *Decision.*—Considered it not proper to appoint 1st Appellant as Patel unless he has some lands in his own name. If he acquires lands assessed at least at Rs. 20 within six months from this date and resides in the village, his claim will be favorably considered. The 2nd Appellant requested that the office be confirmed upon him if it could not be conferred upon the 1st Appellant. This claim was new and was never advanced before. He should wait till a vacancy occurs. The appeal petition in this case purports to be signed by the 2nd Appellant, but at the hearing it was ascertained that it was actually presented by the 1st Appellant. The 2nd Appellant stated that he paid the 2nd Grade Pleader named Sinappa Rs 22.—Rs. 10 on account of stamp and Rs. 12 on account of fees—and that the Pleader promised to draw up a petition for him. The Pleader

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
				Sinappa stated that he received only Rs. 10 which he returned to the 2nd Appellant as his complaint was not disposed of by the Deputy Commissioner and there was therefore no appeal to be preferred but the enquiry made at the hearing showed that the money was actually paid to the Pleader who neither returned the money to the 2nd Appellant nor drew up a petition for him. This conduct on the part of the Pleader is altogether unprofessional and the matter has been brought to the notice of the Chief Court. He will also not be allowed to appear before the Council till further orders.
2	7100--P. 87.	15th	The Deputy Commissioner of the Tumkur District.	Appeal No. 2651 of 24th January 1891. *Appellant.* *Vs.* *Respondents.* Puttaiya of Doddabiranakere, Turvekere Sub-Taluk, Tumkur District. — 1. Naranappa. 2. Puttamma, Mayasandra, Turvekere Sub-Taluk. Appellant and the 1st Respondent are sons of two brothers. The 2nd Respondent is the mother of the 1st. The grandfather of the Appellant and 1st Respondent was Shanbhog of the village. On his death, the appointment was given to the father of the Appellant, though he was younger than the father of the 1st Respondent, and he held it for 30 years and died in 1879 when the appointment was given to the 1st Respondent. Appellant's contention was that he was entitled to the office as the last holder of the office was his own father, but the Deputy Commissioner disallowed the claim and dimissed the suit on the ground that the Appellant's father having held the office for 30 years, it is only fair that the 1st Respondent should have his turn. *Decision.*—Government agreed with the Deputy Commissioner and dismissed the appeal.
3	7103—P. 131.	Do	The Deputy Commissioner of the Mysore District.	Appeal No. 867 of 30th July 1891. *Appellants.* *Vs.* *Respondent.* 1. Narasinga Mudaliar. 2. Venkatasubbaiya of Mysore. — Bhattadamalige Ramanujaiya. In disposing of Petition No. 476 of 1890, Government cancelled a revenue sale at which

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
				Appellant purchased certain lands, on the ground that the sale was irregular, inasmuch as no sale proclamation had been issued. The 1st Appellant presented this Review Petition in which he stated that the sale cancelled was not a fresh sale, but one held in continuation of another of 8th October 1889. The records were again sent for and perused. They show that the sale of the 8th October 1889 was not adjourned but closed, and that the same lands were re-sold on 14th October 1889 without a sale proclamation again. *Decision.*—Government therefore considered that the sale was properly cancelled. Review Petition dismissed.
4	7105--P. 24.	15th	The Deputy Commissioner of the Chitaldroog District.	Appeal No. 440 of 15th April 1885. „ No. 187 of do *Appellants.* *Vs.* *Respondent.* 1. Bhimakka. Sinappa. 2. Bhimanna, Jagalur Range, Chitaldroog District. The late husband of the 1st Appellant was Shanbhog of Didge Firka. He died in 1878-79 when 2nd Appellant, his brother, but adopted into another family, was appointed to the post. The 2nd Appellant was then the Shanbhog of Gurusiddapur Firka, and he was called upon to name a gumasta for the latter Firka, as he could not well manage both the Firkas, but as he failed to appoint one, the respondent, a divided collateral of the deceased husband of the 1st Appellant, was appointed Shanbhog of Gurusiddapur in 1881. The 2nd Appellant requested that he might be allowed to have charge of Gurusiddapur and the appointment of Didge Firka given to the 1st Appellant. The first Appellant also requested that the appointment of her late husband might be conferred upon her. The Deputy Commissioner referred the Appellant to a regular suit. *Decision.*—Considered that there was no necessity for a regular suit. The Respondent can only be regarded as gumasta of the 2nd Appellant, and if he (2nd Appellant) himself wants to resume the duties of his office, and forego his claim to the Firka of the late husband of the 1st Appellant,

Serial No.	Proceedings. No.	Proceedings. Date.	Proceedings. To whom sent.	Subject and Order.
				there is nothing to prevent his doing so. The Respondent admitted that he is a divided member of the family, and his claims for the Didge Firka cannot be said to be superior to those of the 1st Appellant. The Deputy Commissioner was therefore requested to put the 2nd Appellant in charge of Gurusiddapur Firka, and nominate the 1st Appellant to the Didge Firka. The latter should nominate a proper gumasta for the discharge of the duties of the office.
5	7451-2—P. 124.	15th	The Deputy Commissioner of the Kolar District and the Superintendent of Inam Settlements.	One Hebbani Ramachar of Mulbagal in the Kolar District represented in his Petition No. 974, dated 31st July 1890, that his Kodigi Inam below Dodda Gopanakere in the Malur Hobli was enfranchised at $\frac{1}{2}$ quit-rent at the Inam Settlement, although the tank was all along been kept in good condition, and prayed that after due enquiry regarding the real condition of the tank the quit-rent may be reduced to $\frac{1}{4}$. The Deputy Commissioner of the Kolar District reported in his letter No. 3601—840, dated 23rd March 1891, that on a personal inspection of the tank he found the weir and the sluice not in good order; the bund worn out here and there and the revetment of the front slope settled down. The following endorsement was issued— In reply to his Petition No. 974, dated 31st July 1890, Petitioner is informed that the Government see no reason to reduce the charge of half assessment imposed on the Inam under notice. The tank needed repairs and the charge of half assessment on the Inam was therfore in accordance with the rules.
6	7104—P. 38.	16th	The Deputy Commissioner of the Kadur Disterit.	With reference to the orders contained in Government Proceedings No. 5200—32, dated 28th July last, the Deputy Commissioner of the Kadur District proposed, in his letter No. 299, dated 2nd instant, to make the village of Dungere in the Chikmagalur Taluk, a separate charge of itself, and as requested by Petitioner Appajaiya to appoint his minor son Channappa as Hakdar Shanbhog of it with a gumasta to do his duties. *Order thereon.*—The Government have no objection to the arrangement proposed. It may be carried out.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
7	7450—P. 123.	21st	The Deputy Commissioner of the Kolar District.	Appeal No. 257 of 8th May 1891. *Appellant.* Vs. *Respondent.* Ramaswami of Malur. Kolar District. Sinappa. In 1844 the Superintendent of Bangalore Division issued an order that *two* Shanbhogs may be appointed to a single village, if the village is an important one, and if the employment of two men is considered absolutely necessary, but that the two men should prepare one and the same set of accounts and not two different sets, and that one of the two should be *kummaki* or helper of the other. Apparently in pursuance of this order, the Amildar of the taluk appointed, in 1845, the grand-father of the Respondent named Chik Venkataraya and the brother of the Appellant named Venkatramana as Shanbhogs of Malur. In this order no mention was made that one was *kummaki* to another. In 1872, Respondent was allowed to do duties of his grand-father. On the complaint of the uncle of the Respondent that Respondent was incompetent to do duties, the Deputy Commissioner issued an order in May 1879 that Respondent might appoint a gumasta, but he alone should be responsible for the work. On this, Appellant's brother represented that Respondent was not the only Shanbhog for the village, that his brother (Appellant) and Respondent were doing duties jointly under the orders of 1845, and that the Deputy Commissioner's order of May 1879 in which Respondent alone was declared responsible for the work, required modification. The Deputy Commissioner then issued an order in July 1879 that the order issued in May was not intended to cancel the arrangement made in 1845. In 1882, the name of the Respondent's father was ordered to be registered in the place of his father appointed in 1845, but Respondent and Appellant continued to do duties. In 1890, on the complaint of the Respondent that Appellant was only his kummaki and and that he ought to be allowed to do duties, the Deputy Commissioner issued an order in April 1891 that Respondent alone should perform duties. The present appeal is against this order. There is nothing in the records to show that Appellant or his brother was appointed by Respondent or by his ancestors. The Amildar's order of 1845 clearly shows that Appellant's

Serial No.	Proceedings. No.	Proceedings. Date.	Proceedings. To whom sent.	Subject and Order.
				brother and Respondent's grandfather were appointed as joint Shanbhogs. The registry does not stand either in the name of the Appellant or of the Respondent, but both have been allowed to do duties on behalf of the registered holders, *i. e.*, Appellant's brother and Respondent's father respectively. *Decision.*—Under these circumstances, there is no reason whatever why Respondent alone should be directed to do duties. The Deputy Commissioner's order was therefore cancelled. Both Appellant and Respondent may as heretofore continue to do duties jointly till the Potigi of the village is settled when the more efficient of the two, or one that has better claims will be appointed as the sole Shanbhog of the village.
8	7454—P. 140.	21st	The Deputy Commissioner of the Mysore District.	Appeal No. 1152 of 16th August 1890. *Appellant* .. C. Krishna Rao of Mercara. Petitioner's brother Narasimhaiya who was a Shanbhog of Muddanhalli in the Nanjangud Taluk, Mysore District, resigned his office and the appointment was given to one of the former Hakdars, Narasimhaiya being a non-mirasdar. Petitioner complained that Narasimhaiya obtained the appointment by paying to Government a sum of Rs. 500, the sum embezzled by the former Mirasi Shanbhogs, and that as that money was paid from the family funds, he (Petitioner) was entitled to the office. 2. The Deputy Commissioner stated there was nothing to show that Narasimhaiya paid any sum to Government and the Petitioner's Advocate was unable to produce any evidence to show that the money was paid. *Decision.*—Petition is therefore dismissed.
9	7455--P. 73.	Do	The Deputy Commissioner of the Hassan District.	Appeal No. 2594 of 5th March 1890. „ No. 268 of 14th May 1890. „ No. 269 of 14th May 1890. 				Sravanabelagola, but at the hearing held on 10th September 1891, they failed to substantiate their complaint. *Decision.*—Petitions is therefore dismissed.
10	7583—P. 105.	26th	The Deputy Commissioner of the Tumkur District.	Appeal No. 1810 of 10th November 1890. *Appellant* .. Chikkira, Talavar of Handekunta, Sira Taluk, Tumkur District. Petitioner and some others were joint Talavars of 7 villages. They were doing duties as shown below, and the fees appertaining to each village were enjoyed by the person who did duties in that village :—

In 1886, No. 5 was transferred to village No. 3, and village No. 6 was given to Petitioner in lieu of village No. 1. But the transfer did not actually take place and the Petitioner continued to do duties in village No. 1 and Pujari Muddanhalli. This having been brought to the notice of the Deputy Commissioner, he issued an order in June 1888 that Petitioner would be dismissed if he did not act according to orders. Petitioner again requested the Deputy Commissioner to cancel the transfer which he finally refused to do in September 1890. The appeal is against the last order.

Decision.—The transfer does not involve any loss of *manas* to Petitioner, and there is no reason why he should object to take up village No. 6 in lieu of village No. 1. Petition is dismissed.

11	7586--P. 46.	26th	The Deputy Commissioner of the Kadur District.	Appeal No. 2718 of 3rd February 1891. Read Letter No. 287, dated 26th August 1891, from the Deputy Commissioner, Kadur District. *Appellant* .. Kalappa, Shanbhog of Aduvalli Yedahalli Sub-Taluk. Petitioner applied in March 1890 for 8 acres out of Survey No. 125 (gomal land) measuring 205·8 acres in Hunsakoppa village in Yedahalli Sub-Taluk for dry cultivation. Though the residents of the village had no objection to the land being granted, the Deputy Commissioner rejected Petitioner's application on the ground that the Survey Superintendent is averse to giving out lands for dry cultivation in the Malnad parts. Petitioner then appealed against this order. The Deputy Commissioner who was requested to report on the appeal Petition stated that the gomal land applied for by Petitioner may be granted as there is ample pasture land attached to the village. *Order.*—The land applied for may be granted as proposed.
12	7587--P. 31.	26th	The Deputy Commissioner of the Chitaldroog District.	Appeal No. 1802 of 10th November 1890. *Appellant.* *Vs.* *Respondent.* Mallaiya of Hire Mudure, Chellakere Taluk, Chitaldroog District. — Siddaramanna. This is an appeal against the order of the Deputy Commissioner directing Appellant not to use the water of Garinehalla for his land No. 85. 2. The records show that Petitioner's land No. 85 was not irrigated by the Halla when the Survey took place. The land was assessed at Rs. 2 an acre, as it is irrigated under a well alone whereas Respondent's land No. 82 which was irrigated by the Halla was assessed at Rs. 6 an acre. Appellant appears to have diverted the water of the stream to his field No. 85 subsequent to the Survey at a point higher than that at which Respondent takes water to his No. 82, and so, on the complaint of Respondent, Appellant was ordered not to use the water of the Halla. *Decision.*—It is clear that Appellant has no right to claim water from the Halla free of charge

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
				but at the same time Respondent has no right to claim the exclusive use of the water of the Halla. Whether Appellant can be allowed the use of the water of the Halla depends upon the sufficiency of water in the Halla. If the Deputy Commissioner is satisfied that No. 85 can be irrigated without prejudice to No. 82, he may allow Appellant the use of water subject to the payment of water-rate and subject to such conditions as may be necessary regarding the use of water.
13	7588--P. 31.	26th	The Superintendent of Inam Settlement.	Appeal Petition No. 1733 of 10th October 1890. Read letter from the Superintendent of Inam Settlements, dated 17th June 1891, No. 14. *Appellant* .. Venkatramanachar of Belur Taluk, Hassan District. Petitioner complained to the Inam Superintendent that the Inam land in Nittur Village, which has been in his enjoyment for a very long time was unjustly charged with quit-rent during the Inam Settlement, and prayed that the quit-rent levied be cancelled and the Inam Patta corrected. Petitioner further added that when a person has been in enjoyment of an Inam for more than 50 years, such a land should, under the Inam rules, be treated as Jari Inam. Petitioner was informed in reply that as the Inam in question was entered in the Huzur Sthala Jodi Inam Account for 1846, the imposition of half quit-rent thereon by the late Inam Superintendent in 1880 was in accordance with rules. The Deputy Commissioner, to whom Petitioner then represented his case, declined to disturb the settlement made by the Inam Department. The present appeal is against the order of the Inam Superintendent. The Superintendent of Inam Settlement, to whom the appeal Petition was forwarded for report, stated that the Fauzdar's order and Amildar's takids subsequently produced by Petitioner, have clearly proved the existence and enjoyment of the Inam recorded in Case No. 9 of Nittur Village for more than 50 years, so as to entitle it to the benefit of Section 3 of Land Inam rules; and that as regards the Naulhalli Inam alluded to by Petitioner, it has been already decided strictly in accordance with the rules in force, and that no revision of the case seems necessary. *Order.*—Under the circumstances stated, the Superintendent of Inam Settlement is authorized

14	7581—P. 116.	26th	The Deputy Commissioner of the Bangalore District.	In reporting upon the Petition of the Manager of Lakkadsha Makkan in Bangalore, the Deputy Commissioner of the Bangalore District stated in his letter No. 308, dated 8th July 1891, that the strip of land from C to D marked on the map which is full of pits and some rocks might be made over to the Makkandar since a large portion of the Makkan land has been recently restored to the Makkan on his first application. The President of the Bangalore Municipality submitted a Memorandum on the same subject dated 21st September 1891. *Order.*—The Government accept the settlement effected by the President, by which the Makkandar of Lakkadsha Makkan at Bangalore gets 3,987 square yards more than that originally allowed to him by the Sub-Committee appointed by the Municipality.
15	7585--P. 84.	Do	The Deputy Commissioner of the Hassan District.	Report of the Hassan District Deputy Commissioner No. 89—5, dated 14th May 1891, on the petition of one Ramaiengar of Bhartur Village in the Hassan Taluk, complaining of the amount of jodi and quit-rent levied from him. *viz.*, Rs. 4-9-4 on Maji No. 104 being in excess of that shown in the extract from the Inam Register obtained by him from the Inam Department, *viz.*, Rs. 4, having been forwarded to the Superintendent of Inams for his remarks, the latter officer stated in his docket No. 28, dated 27th August 1891, that the amount of additional quit-rent on No. 104 is Rs. 1-1-5 and not Rs. 1-10-9 as stated in the Deputy Commissioner's letter, which, together with the jodi Rs. 2-14-7, amounts to Rs. 4 only. *Order thereon.*—The Inamdar is clearly liable to pay a quit-rent of Rs. 4 only and not Rs. 4-9-4 as erroneously demanded. The former amount of Rs. 4 alone should be collected in future, and any excess hitherto paid by the Inamdar refunded to him. 2. There is also no reason why the old assessment should be collected on all the numbers of the Petitioner Ramaiengar's Khata while the numbers which are mixed up with Inam are only Nos. 103, 104 and 251. The new survey assessment may be levied on Nos. 245, 250, 253,

REVENUE.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 27th October 1891.

CAMP No. 384—92, DATED CAMP MYSORE, 27TH OCTOBER 1891.

ORDER.—Frequent representations having been made of the inconvenience of the existing Khistbandi, the Government of His Highness the Maharaja are pleased to substitute the following Khistbandi for that prescribed in Rule XXXII, para 1, of the Rules under the Land Revenue Code, issued under Notification No. 150, dated 23rd July 1890:—

	January.	February.	March.	April.	May.

2. For purposes of the Khistbandi according to the table above prescribed, the following Taluks shall be considered Malnad, the rest of the country being considered Maidan:—

Hassan District		Manjarabad and Belur.
Kadur do		Mudgere, Koppa, Tarikere and Chikmagalur.
Shimoga do		Tirthahalli, Nagar, Sagar and Sorat.

3. The assessment on coffee lands may be paid on or before the 30th April following the official year for which it is due, notwithstanding anything to the contrary in the title-deeds issued for coffee lands under the Rules contained in Appendix E of the Rules under the Land Revenue Code.

4. A Notification to this effect shall be published in the Mysore Government Gazette.

FINANCIAL.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial)—dated 3rd October 1891.

READ :—

Letter No. 2211, dated 27th August 1891, from the Comptroller to the Government of Mysore, stating with reference to Government Proceedings No 58-9-90—173, dated 14th August 1891, that Rangaswamaiengar, late Shekdar of Holé-Narsipur Taluk, who was removed from service for inefficiency without a medical certificate of unfitness for further service and whose service and age at time of removal were less than 30 and 55 years respectively, is not entitled to pension under any one of the marginally noted three classes, and requesting to be informed how the case should be dealt with.

Invalid.
Retiring.
Superannuation.

No. 7751-87—CIR. 136, DATED BANGALORE, 3RD OCTOBER 1891.

ORDER THEREON.—In his letter No. 235, dated 6th July 1891, the Deputy Commissioner, Hassan District, reported that Rangaswamaiengar having on several occasions been found to be very inefficient and lax in collection work, he had removed him from service and that the inefficiency for which he was removed was solely due to loss of energy, he being 53 years' old at the time and was not of such a grave nature as to justify the forfeiture of the pension earned by him. Under these circumstances and in consideration of the long service, *viz.*, over 25 years put in by him, the Government direct that his pension be classed as "Invalid" as a special case without the production of the medical certificate required by the Pension Code.

2. It was also reported that the Shekdar was accused of carelessness, neglect of duty and disobedience of orders and that in a case of revenue arrears he, in spite of the orders given to him by the Amildar of Hassan to attach and secure the crops of certain individuals in satisfaction of Government dues, attached the crops of only a few, allowed the rest to remove theirs without satisfying the Government demand and granted chits to some on his own responsibility authorizing the release of the crops attached under the orders of the Amildar. With reference to these, the Government is constrained to observe that the Shekdar's service throughout has not been thoroughly satisfactory. This point will be noticed when passing final orders on his pension application.

3. It is further observed that the Deputy Commissioner's action in retiring the Shekdar from service for inefficiency without a medical certificate and previous orders of Government was irregular. And it can hardly be that there was no ministerial appointment in which the official in question could have been employed without prejudice to public interests till he could complete the qualifying period for a pension of some kind under the rules. In the absence of a medical certificate of unfitness for further service required by the Civil Pension Code, no officer either in superior or inferior service shall, on the score of inefficiency, be removed or retired from service without previous orders of Government being obtained therefor. This should be strictly adhered to in future.

No. 7645-56—L. 622, DATED BANGALORE, 6TH OCTOBER 1891.

ORDER THEREON.—The Government resolve to review the reports on the Administration of District Funds for 1889-90.

2. The receipts of the year amounted to Rs. 8,90,000 in round numbers but a great portion of it is nominal being the grants made by Government from Local Funds General in previous years, but adjusted in the year under review. Excluding grants-in-aid made by Government from Local Funds General and other sources, the revenue of the year amounted to Rs. 5,39,000 which may be regarded as the normal revenue. The bulk of this revenue, *i. e.*, Rs. 4,94,000 was realized in the shape of a cess on Land Revenue, Rs. 34,000 were realized from cattle pounds, Rs. 10,000 were from ferry collections and the rest was realized from miscellaneous sources. The total revenue thus realized from the people whether directly or indirectly for local purposes was Rs. 0—2—0·7 per head of population.

3. The sum expended during the year was Rs. 5,41,728 or Rs. 0—2—1·1 per head of population. Of this Rs. 0—1—9·9 was spent for making and maintaining roads for the convenience of the people, Rs. 0—0—1·2 for affording medical relief to the poor, Rs. 0—0—0·3 for affording accommodation to travellers and Rs. 0—0—1·7 for sanitary and other miscellaneous charges.

4. The proportion of expenditure to receipts in each District was as follows:—

No.	Districts.	Percentage of Expenditure.
1	Hassan	143
2	Kadur	134
3	Shimoga	118
4	Chitaldroog	102
5	Tumkur	88
6	Mysore	87
7	Bangalore	74
8	Kolar	64

5. These are the salient points of the administration of District Funds during 1889-90. The Government will now proceed to review the details.

6. The subjoined statement shows the receipts and charges of each District under District Funds for 1889-90 :—

7. The opening balance of 1889-90 differs from the closing balance of 1888-89 by Rs. 2,07,483 as shown in the margin. The cause of this difference is not explained by the Comptroller. The omission should be supplied at once.

10. The receipts given by the Deputy Commissioners do not correspond with those given by the Comptroller. Excluding the special grants, which the Deputy Commissioners have not taken into account, there is a difference of Rs. 63,540 between the figures given by the Deputy Commissioners and those given by the Comptroller. The accounts given by the Deputy Commissioners are in most cases incorrect. In Kolar the Deputy Commissioner has included school fees of Hobli Schools under District Funds instead of under Village School Fund; in Mysore only 76 per cent of the collections from "Cattle fines and sales" and "Miscellaneous" items have been credited to District Funds, while the entire collections ought to have been credited; in Chitaldroog the amounts creditable to Local Funds General, *viz*, 76 per cent of Local Cess on sayer, salt, forests and tolls have been credited to District Fund receipts; in Hassan Rs.68,302 are shown as collections in the abstract statement, while in the detailed statement the same is given as Rs. 62,996; the figures given in the Talukwar statement submitted by the Deputy Commissioner of Bangalore do not correspond with those given in the abstract statement. All this shows the absence of proper scrutiny on the part of the Deputy Commissioners and it must be clearly understood that such mistakes will not be tolerated in future. The Deputy Commissioners concerned are requested to explain the differences fully and to take proper notice of the carelessness of the Clerks who prepared the statement and see that such discrepancies do not recur. For the present the figures given by the Comptroller will be taken to be correct.

11. *Seventy-six per cent of Local Cess.*—The income during 1889-90 was Rs. 4,94,350 or Rs 39,065 more than that realized in 1888-89. The bulk of the increase is in Kolar, Mysore and Bangalore. In the first two Districts the increase is due partly to the increase in the land revenue and partly to better collections of arrears. The Deputy Commissioner of Bangalore has not explained the cause of the increase, but it is apparently due to causes similar to those above stated.

	1888-89.	1889-90.	Increase.
Kolar ...	58,035	77,891	19,856
Bangalore ...	56,474	65,644	9,170
Mysore ...	80,657	89,238	8,641
Total.....	...	...	37,667

12. *Cattle Fines and Sales.*—The collections under this head show an increase of Rs. 3,865. The realizations from cattle fines in Hassan and Chitaldroog are nearly double of those in any other District. This shows that the people in these Districts avail themselves of the protection afforded by the Cattle Trespass Act more freely than others and the Deputy Commissioners do not consider that the larger collections are due to avoidable causes. The Government note that the figures shown under this head represent the net revenue after deducting the maintenance charges of the cattle pounds. In future the gross receipts should be entered the charges being shown on the side of expenditure.

13. *Grants-in-aid.*—During 1889-90, a grant of only Rs. 82,979 was made from Local Funds General as shown in the margin; but the Comptroller appears to have adjusted during the year under review grants made in the previous years. Hence the large amount of *Rs. 3,50,546 shown under this head. The Government presume that the expenditure incurred from these grants in the previous years have already been shown in the accounts.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 6th October 1891.

16. *I. Original Works.*—The subjoined statement shows the details of the original works executed during 1889-90. Out of the total expenditure of Rs. 2,00,924, Rs. 1,14,865 were spent on bridges and Rs. 78,696 in the formation of new roads:—

17. *II. Repairs.*—The amount spent under Repairs in each District is shown below. Some of the Deputy Commissioners have failed to give the average cost of the maintenance of the roads per mile. In Kadur, it is stated to be Rs. 52 per mile, in Chitaldroog it was Rs. 63 and in the Districts of Bangalore, Kolar and Tumkur it varied from Rs. 70 to Rs. 79—12—0. The average cost is not a great deal too much and the difference in the rates above given is probably due to the character and extent of the repairs executed during the year:—

18. The Deputy Commissioner of Tumkur reports that a road from Bellavi to the 53rd mile stone on Salem-Bellary road was opened by the Public Works Department without the sanction of the District Fund Board and the Deputy Commissioner of Mysore remarks that a sum of Rs. 69-7-5 was expended in the Ashtagram Channel Division for improvements and construction of bridges in the Hinkal Race Course road without the knowledge of the District Fund Committee. The Chief Engineer will be requested to explain how the sums came to be expended without the knowledge and sanction of the District Boards concerned.

19. *III. Establishments.*—Mr. Meiklejohn, the Deputy Commissioner of Mysore remarks that, considering the large quantity of work, the Civil Engineer of Mysore has to do in connection with Provincial roads, buildings, &c., he cannot

possibly efficiently watch 900 and odd miles of District Fund roads in his District; that the money allotted is not spent on the Local Fund roads and that if spent, is wasted on inferior work, as the President of the Board has personally had occasion to notice and suggests the advisibility of allowing the District Fund Board to appoint its own Engineers to attend to the roads and buildings kept up by the funds under its control. The measure proposed is a large one and will be considered separately. There is no doubt that the employment of a separate staff would secure greater promptitude in the execution of works; but it is doubtful whether it would be economical to do so. The Chief Engineer will be requested to favor the Government with his views. The marginal statement shows the expenditure debited to establishments in 1888-89 from District Funds.

21. *Travellers' Bungalows and Musafarkhanas.*—The following statement exhibits the cost of maintaining Travellers' Bungalows and the fees received from travellers. The fees collected, as will be seen from the subjoined statement, are exceedingly small compared with the cost of maintenance. The detailed accounts show that in some Travellers' Bungalows there have been no halts during 1889-90. The Deputy Commissioners are requested to report whether such of the Bungalows which are not at all frequented by travellers cannot be abandoned:—

No.	Districts.	Number of Bungalows and Musafarkhanas.	Cost.	Fee Collections in 1889-90.

8	Chitaldroog	25	874	21	6	10	
	Total.....	150	7,774	...	...	...	

22. In the District of Kolar the fees collected in all the Bungalows appear to be credited to Provincial. This is not right. In future, the fees should be credited to District Funds, from which the cost of establishments is met. In Tumkur, the Taluk Sheristadar of Pavagada is stated to have lived in the Musafarkhana at Pavagada for upwards of 3 months and paid a fee of Rs. 4-9-6. The practice of Government officials occupying Travellers' Bungalows for such long periods is objectionable and should not be allowed in future. In Shimoga District, the Government officials appear to have been exempted from payment of fees for the first 3 days of every halt in Travellers' Bungalows under the Chief Commissioner's Notification, dated 14th February 1876, No. 121; but the Government note that the above Notification has been subsequently withdrawn (*vide* Chief Commissioner's Notification, dated 13th December 1877, No. 298). The Deputy Commissioner should therefore see that for every halt exceeding 24 hours the charges prescribed by Government are levied whether the persons occupying the Bungalows are Government servants or not.

23. In the District of Kadur the cost of the establishments of the 2nd Class Travellers' Bungalows at Balehonnur, Aldur and Mudgere is debited to District Funds, the receipts being credited to Provincial. The charges as well as receipts should in future go to Provincial. No 2nd Class Bungalows are now maintained from District Funds.

24. No account is kept of the number of halts made and fees collected in the 5 Bungalows of the Yedatore and Hunsur Taluks in the Mysore District and in the 14 Musafarkhanas in the Chitaldroog District. In future, Bungalow books should be supplied to the keepers of all the institutions and they should be made to keep an accurate account of the halts made and fees collected from travellers.

25. *Hospitals and Dispensaries.*—The number of Hospitals and Dispensaries in each District, the charges incurred and the number of patients treated in them are shown in the following abstract statement. Only *2 Dispensaries were newly opened during 1889-90; *two more were sanctioned but were not opened during the year:—

26. The cost above shown is according to the reports submitted by the Deputy Commissioners. The figures given by the Comptroller differ in the Districts noted in the margin. The differences are not creditable to the system of accounts kept. In Mysore the Deputy Commissioner apparently excluded the Maharani's Female Hospital at Mysore from his account, and in Tumkur the Hospital charges are apparently excluded from the Comptroller's statement. Taking the accounts as they are, the cost of treatment per patient is Rs. 0-1-3·09 per head. But it must be stated that this is the cost incurred from District Funds and does not include the portion of the cost borne from Municipal and Provincial Funds. Including the latter the cost per head will be about 2¼ annas per head of patient.

27. *Medical Scholarships and Vaccination.*—The charges incurred under these heads are given in the margin. The payment made on account of scholarships granted to the students undergoing training for the grade of Hospital Assistants were equally distributed among the several Districts in the Province. The only charges at present debited to District Funds on account of vaccination consist of the allowance sanctioned to the Deputy Inspectors of Vaccination, the pay of their Peons and the small sums spent on account of contingent charges connected with the animal vaccination.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 6th October 1891.

28. *Sanitary Charges.*—The figure shown under this head is stated to include Rs. 209 disbursed in Hassan in 1889-90 on account of the allowance paid to the Gorur Narasimhaswami Temple as compensation for its claims to ferry collections in accordance with the late Chief Commissioner's Proceedings, dated 7th August 1880, No. 2791-9—30. The Government observe that the amount that has to be paid under the above Proceedings is only Rs. 157. The excess payment should be explained and this item should in future be shown under VIII Refunds and not under Sanitary Charges.

29. *VII. Travelling Allowance to Dasara Representatives.*—An expenditure of Rs. 333 was incurred in the District of Tumkur only during the year under review. The circumstances and the authority under which the charge was made should be stated. The Government note that this allowance has been ordered to be discontinued and it has no whereelse been paid.

30. *VIII. Refunds and Miscellaneous.*—In the statement furnished by the Comptroller, an expenditure of Rs. 1,038 appears under this head, while the same is entered as Rs. 453 in the reports submitted by the Deputy Commissioner. The large difference requires explanation which the Comptroller is requested to furnish in communication with the Deputy Commissioners.

31. From the report submitted by the Deputy Commissioner of the Shimoga District, it would appear that a sum of Rs. 132 was expended during 1889-90, on account of furniture for the English Schools at Honnali and Sagar. This is properly debitable to Local Fund Budget (Education Department). The Comptroller is requested to make the necessary adjustment.

32. The other items of charges call for no remark.

33. As French Rocks is a separate Circle and separate Budget is prepared, a separate report for the same should be submitted in future and not included in the report of the Mysore Circle.

No. 7657-70—L. 623, DATED BANGALORE, 6TH OCTOBER 1891.

ORDER THEREON.—The Government resolve to review the revised Budget Estimates of the Bangalore City Municipality for the year 1891-92.

Receipts.

2. The estimated income sanctioned in the Government Proceedings read above amounted to Rs. 1,01,588. The Municipal Board now propose to raise the estimate by Rs. 29,956 as noted in the margin. The increase is chiefly on account of the extraordinary collections of the outstanding arrears of the previous years made up to the end of July 1891, which were not taken into account when the original estimate was submitted. The provision under Miscellaneous includes a sum of Rs. 2,006 which is the amount payable from District and Provincial funds towards the Arlepete Dispensary and the Chattram Hospital in the proportions noted in the margin, the total cost of the institutions being provided on the side of expenditure. The Government observe that the contribution payable on account of the Arlepete Dispensary has been calculated for 12 months, while it ought to be only for 9 months, the Dispensary having been opened on the 1st July 1891. The estimate will therefore be reduced by Rs. 108. As regards the contribution for the Chattram Hospital, the Government observe that no orders have yet been passed in regard to the proportions in which the cost of the institution is to be met from Municipal and other funds, and any estimate on that account is premature. The estimate will therefore be struck out. The estimate of receipts thus amounts to Rs. 1,29,863, which is sanctioned.

3. Including the actual balance of Rs. 7,883 standing in favor of the Municipality on 1st April 1891, the sum available for expenditure during 1891-92 is Rs. 1,37,746, of which Rs. 1,11,994 are proposed to be expended, leaving a balance of Rs. 25,752 at the end of the year.

XI	Miscellaneous ...	3,450	3,450
	Total Expenditure.....	1,07,450	1,11,994

4. The total expenditure proposed is in excess of the normal receipts (1,02,000) by Rs. 10,000, but the Government presume that when the revision of the taxes now under operation is completed, the receipts will increase by at least Rs. 10,000, and will admit of the charges now proposed being continued. With this observation, the Government will proceed to review the items of expenditure.

5. *II. Head Office.*—No provision is made under the head for the allowance of the Vice-President apparently under the impression that under Government Proceedings dated 11th August 1891, No. 5631-2—414, no Vice-President will be employed hereafter. As the question of the appointment of a Vice-President has not yet been finally settled, the allowance will be inserted in the budget.

6. The increases proposed as noted in the margin are sanctioned.

7. As regards the proposal to allow the Municipal Commissioners, 2 Clerks and 5 Peons, the Government do not consider that it is necessary to allow any clerks to Municipal Commissioners as they have no executive work to perform. Pending explanation as to the character of the work done by these clerks, the provision newly made for the 2nd clerk and the increase proposed to the existing clerk will be disallowed. The Government consider that even the services of the existing clerk may be dispensed with. The entertainment of 8 peons proposed one for each Division is sanctioned, as their services will probably be required for carrying messages and papers from Municipal Commissioners to office and *vice versa*. The total sum sanctioned under this head is Rs. 6,792.

8. *III. Collection.*—The details of the provision under this head are noted in the margin.

9. *III.* (*a*) *Octroi.*—The Municipal Board propose to revise the establishment as shown in the margin resulting in a net increase of Rs. 300 over the sanctioned scale of establishment for 1890-91. The cost of the proposed establishment is 23·85 of the collections under Octroi, which is heavy and the percentage would be still greater if the pay of the City Amildar, who is to overlook the collections in all branches is taken into account, but the Government sanction the proposed establishment tentatively for one year in the hope that with the improved establishments the receipts will augment. If the receipts do not show increase, the establishment will have to be curtailed next year.

10. *III.* (*b*) *House and Mohatarfa Taxes.*—A sum of Rs. 600 is newly entered on account of the Municipal contribution towards the pay of the City Amildar under Government Proceedings dated 11th August 1891, No. 5631-2—441. As he assumed charge of the appointment on the 24th August 1891, only Rs. 363 which is the amount payable to him for 7 months and 8 days during the year will be entered, the total estimate being thus reduced from Rs. 2,970 to Rs. 2,733.

11. *III.* (*c*) *Other Taxes.*—The pay of the Hackney Carriage Inspector is proposed to be raised from Rs. 15 to Rs. 20 per mensem. The receipts derived from licenses on hackney carriages amount to only Rs. 802 and the collection charges proposed come to 29·92 per cent of the same. This is a high percentage. The Government understand that the Hackney Carriage Inspector draws, in addition to his pay as Overseer, a salary of Rs. 15 as Market Sergeant. If so, the increase

proposed seems to be unnecessary. The President is requested to explain why a single person is allowed to hold 2 appointments and whether the increase proposed is really called for. Meanwhile the estimate will stand.

12. *IV. Conservancy**.—During the current year, it is proposed to entertain 14 additional Sweepers and to revise the number and pay of certain servants as shown in the margin, the net increase of salaries involved being Rs. 1,104. The increases proposed are sanctioned. The increase proposed to the Daffadar seems however to be excessive and the President will consider whether a salary of Rs. 10 would not be sufficient.

13. *VI. Registration of Births and Deaths.*—There are at present 3 Registrars and one Mutsaddi on salaries ranging from Rs. 8 to 12 per mensem. It is now proposed to employ a new Registrar on Rs. 15 per mensem. It is not explained where the new Registrar is proposed to be employed and by whom his duties are now performed. Further explanation should be submitted. Meanwhile the estimate will stand.

14. *VII. Lighting.*—There are at present 450 lamps, which are proposed to be increased to 485 without any additional cost. The estimate which is the same as the sanctioned for 1890-91, is passed as per details noted in the margin.

15. *VIII. Public Works (a)—Supervision.*—The marginally noted establishments and increases are provided in the present Budget. A portion of this cost amounting to Rs. 540 was hitherto charged to works themselves, so that the net increase involved is only Rs. 2,370. The Government do not think it necessary to increase the pay of the Overseer from Rs. (50+15) to Rs. (60+15), as he will have to do less work in future in consequence of the appointment of a separate Engineer. The increase proposed on this account is disallowed. The Executive Engineer was employed only on the 20th August 1891, and it is not clear why provision is made for 12 months. The provision made for his pay will therefore be reduced to Rs. 1,109. The other items are sanctioned. The estimate under this head will thus be Rs. 4,291.

18. *XI. (a) Dispensaries.*—The increase is due to the new provision made on account of the Arlepete Dispensary, but the Government observe that the provision made is for 12 months, though the Dispensary was opened only on the 1st July 1891. The provision will therefore be reduced by Rs. 162. A portion of this expenditure is met from a grant made by the District Funds, which appears under Receipts.

19. A provision of Rs. 1,130 is made for an Itinerant Medical Officer. The Government observe that the appointment was strongly protested against by the Senior Surgeon (*vide* Government Proceedings dated 21st November 1890, No. 9709-10—103-L. 67) and it is also doubtful whether such an appointment is called for, now that a new Dispensary has been opened at Arlepete. The President is requested to report whether any Itinerant officer has been appointed since the death of Mr. Arokeyam Pille and if so under what authority and whether his services are actually required. Pending explanation, the provision made on this account will be disallowed.

20. *IX. (b) Hospitals.*—The increase is due to the provision of Rs. 2,359 newly made on account of the Chattram Hospital. The Deputy Commissioner is requested to state when the Hospital was opened and whether the whole amount provided for is required for 1891-92. Meanwhile, the estimate will stand.

21. *XI. (c) Vaccination.*—The increase under this head is due to the increase of Rs. 2 proposed to be given to the pay of the female Vaccinator of the town. The increase is sanctioned and the provision approved

22. *IX (d) Maternity.*—The employment of a peon on Rs. 6 per mensem is newly proposed. Hence the increase under this head, which is sanctioned.

24. *X. (2) City Municipal English School.*—The increase of Rs. 324 is due to the provision newly made on account of the three *Hindustani Masters of the Primary Muhammadan School recently amalgamated with the City Municipal School. The estimate is approved.

25. X. (3) *Kannada Boys' School.*—The cost of the school, when it was transferred from Provincial to the Municipality in August 1889, was only Rs. 1,236. The cost is proposed to be raised to Rs. 1,660 as shown in the margin. The estimate is sanctioned.

26. X. (4) *Government Girls' School.*—The increase of Rs 300 is due to the increased provision for prize books and for needle-work materials. To meet the increased expenditure under this head, a corresponding additional grant has been made by Government. The estimate is approved.

27. X. (5) *Oriental and Mixed Library.*—The increase of Rs. 60 provided under this head is in accordance with the Government Proceedings dated 20th July 1891, No. 4774-5—L. 317. The estimate is passed.

28. The other items do not call for any remark.

With these remarks and subject to the explanation called for, the Budget Estimates of receipts and expenditure of the Bangalore City Municipality for the year 1891-92 are sanctioned as detailed in the accompanying Appendices A and B, of which the following is the abstract :—

No. 8170-8—L. 646, DATED BANGALORE, 28TH OCTOBER 1891.

ORDER.—It having been represented to Government that the appointment of a Special Engineer for each District with suitable establishments for carrying out the works sanctioned from District Funds will be more economical and ensure the execution of works with greater promptitude than can be secured under the existing arrangements, the Deputy Commissioners of the several Districts are requested to report their opinion in the matter and state the probable cost of such an arrangement.

2. The Examiner of Public Works Accounts is requested to submit to Government a statement showing the amount expended in each District from District Funds within each of the last 5 years and the amount contributed to Government by the District Funds for establishments. He is also requested to state whether there were any minor establishments such as temporary mestris whose pay was debited to the estimate itself without being shown under establishments and if so what the cost was. It is enough if the figures given are approximately correct.

A. SRINIVASACHARLU,
Under-Secretary.

To—The Deputy Commissioners of all Districts.
The Examiner of Public Works Accounts.

No. 8179-86—L. 647, DATED BANGALORE, 29TH OCTOBER 1891.

ORDER.—Applications are often received from Municipalities for the transfer of the Government moiety of Mohatarfa to them and for their being relieved of Police charges wherever they are borne by them. It is impossible for Government to dispose of such applications, unless they are satisfied that the Municipalities have done every thing in their power to husband their resources and find themselves unable to meet their legitimate charges from the funds at their disposal. In most cases the Mohatarfa and house tax now collected are those imposed some years ago and it is probable that if the assessments are levied with care, the revenues of the Municipalities will improve and enable them to carry out all the improvements required without indenting upon Provincial Revenues.

2. The Presidents of the Municipalities of all the Districts are therefore requested to revise the taxes in all their Municipalities during the current year, and submit a special report of the results as soon after the revision as possible.

A. SRINIVASACHARLU,
Under-Secretary.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 29th October 1891.

No. 8187-94—L. 648, dated Bangalore, 29th October 1891.

Order.—Several of the members of the Representative Assembly have brought to the notice of Government that the sanitation of rural parts is much neglected and that some special arrangements are necessary. The Government are considering the desirability of framing a law for grouping populous villages into unions and establishing Panchayets or committees for looking after their sanitation. Meanwhile the Deputy Commissioners should understand that where it is urgently required, the District Committees are at liberty to set apart a portion of their District Funds for the sanitation of rural parts such as cleaning the streets, removing prickly-pear in the vicinity of villages, digging wells for good drinking water, and so forth. Expenditure of money for such purposes is more important and is likely to be better appreciated than the formation of new roads. The Deputy Commissioners are therefore requested to pay particular attention to this point in submitting their Budgets of District Funds for 1892-93.

A. SRINIVASACHARLU,
Under-Secretary.

To—The Deputy Commissioners of Districts.

OFFICIAL MEMORANDUM.

No. 8196-206—L. 650, dated Bangalore, 29th October 1891.

The Comptroller is requested to intimate to the Deputy Commissioners of the several Districts at once, the balance of the District Funds in favor of each District on 1st April 1891 and also the balance in favor of each Municipality on the same date and forward to Government a statement showing the balances of Municipal and District Funds on the above date in each District and Municipality. The absence of correct information on the subject has been the cause of much inconvenience and correspondence. The Comptroller is therefore requested to report whether he cannot for the future arrange for the submission to Government of a statement of receipts, expenditure and balance in lump sums under Municipal and District Funds every month for each District and Municipality. Under the instructions recently issued for the audit of Municipal Funds and under the existing arrangements for the audit of District Funds, there ought to be no difficulty in compiling such a statement every month, but if necessary the Government are prepared to sanction the entertainment of one or two hands from District and Municipal Funds for preparing the statement required. If a statement of this sort be prepared monthly, the preparation of the annual statement will be easy and facilitate the preparation of the budgets and annual reports at an early date.

2. In order to obtain a correct balance in favor of the District Funds, it is necessary that the expenditure incurred by the Public Works Department from the District Funds should be adjusted in the accounts of the year in which the expenditure has been incurred and the Examiner of Public Works Accounts is requested to report whether it will not be possible for him to furnish the Comptroller with a statement of the actual expenditure incurred within the year in each District within one month or six weeks after the expiration of the year without details.

A. SRINIVASACHARLU,
Under-Secretary.

To—The Comptroller.
The Chief Engineer.
The Examiner of Public Works.
The Deputy Commissioners of Districts.

RULES

FOR THE

MYSORE STATE LIFE INSURANCE.

1. The following Rules of the Mysore State Life Insurance shall come into force on the 1st December 1891.

2. The Government reserve to themselves the right to add to or modify these rules after giving due notice thereof; but such additions or modifications shall have no retrospective effect.

3. In these rules—

The expression "Proposer" means the person whose life is proposed to be insured

The expression "Insured" means the person who has insured his life under these rules.

The term "Policy" means the written document containing the contract for the payment under these rules of an endowment bonus in consideration of the premium paid by the insured.

"Pay" means "substantive pay" as defined in the Mysore Service Regulations.

4. Officers holding permanent apppointments under the Government of Mysore on the date of the introduction of these rules and Officers of other Governments now employed under the Mysore Government or hereafter entering its service may insure their lives under these rules; provided that in the case of the latter class of Officers, such insurance shall be subject to the consent of the Governments lending them.

5. Insurance shall be compulsory on all persons who may enter the service of the Mysore Government after the introduction of these rules from the date of their entering the Government service or in the case of those entering the Government service before 21 years of age from the date of their completing 21 years of age.

6. No Officer whose age exceeds 45 years or whose pay is below Rs. 10 shall be eligible for the first or subsequent insurance under these rules. For the purpose of these rules, the age of the Proposer shall be taken to be the age at his last birthday.

7. Ten per cent of the pay of the Insured shall be recovered every month as premium and credited to Government, in consideration of which an endowment bonus (according to the table appended to these rules) shall be payable from the Mysore Revenues on the Insured completing 55 years of age or at his death if earlier. Fractions of a rupee, other than multiples of four annas, shall be excluded in calculating the monthly premium.

8. Whenever the pay of an Insured is permanently increased, a further insurance shall be effected for such endowment bonus as will cover the surplus premium available.

9. The maximum premium or premiums for which one or more policies may be issued on the life of an Insured shall not exceed Rs. 50 per month whatever may be his pay.

10. When an Insured ceases to be under the service of the Government before completing the age of 55 years, he may elect either to continue to pay the premium due on his policy till it becomes mature or discontinue payment of the same, in which latter case the arrears of premium so withheld shall be treated as a debt against his policy and deducted with compound interest at 4 per cent from the bonus payable to him. Provided however that dismissed officials who have been ordered by Government to be included in the list of officials not eligible for re-entertainment in Government Service shall not be entitled to the benefit of this rule but shall receive only 50 per cent of the total premium paid by them without any interest.

11. If an Insured be degraded for any cause, he may either continue to pay the full premium on his policy or discontinue payment of the difference between such premium and that due on his reduced pay, the arrears being dealt with as prescribed in the preceding rule

12. The business of the State Insurance Scheme shall be managed by a Committee composed of such persons as may be nominated by Government.

13. The Comptroller shall be the Secretary to such Committee and carry on all business under the general control of the said Committee.

14. The Committee aforesaid shall be competent to frame rules for the transaction of business and the conduct of its meetings.

15. All receipts and disbursements on account of the State Insurance shall be carried to a separate head of account and funds belonging to this account shall at the end of each month be invested in the Government Savings Bank or in such other manner as the Government may deem fit.

16. The accounts of the Fund shall be audited before 31st of July in each year by two Accountants of the Comptroller's or Public Works Examiner's Office who shall be selected by the Committee. And a report shall be submitted to Government by the Committee before the end of September as to the progress of the Fund during the previous official year, with such statements as may be prescribed by Government from time to time.

17. An Officer wishing to insure his life under these rules shall submit a proposal in Form No. 1 written in his own hand, whenever possible, and signed in the presence of his immediate superior, or the Chief Secretary to Government, or a Deputy Commissioner or District Judge who will forward the same in a sealed cover to the proper Medical Officer. Whenever the proposal is so forwarded by the Proposer's official superior, he shall state his own confidential opinion as to the eligibility of the life of the Proposer in Form No. 3 and attach it to the proposal in a sealed cover addressed to the Secretary to the Committee.

18. It shall be the duty of the Medical Officer to examine the Proposer and record his remarks on the back of the proposal and forward the same direct to the Secretary in a sealed cover after obtaining the signature of the Proposer to the declaration prescribed therein.

19. Such Medical Officer shall be the District Medical Officer of the Government, not below the rank of an Assistant Surgeon, provided that when the pay drawn by the Proposer is not less than Rs. 250, the Medical Officer shall not be below the rank of a Civil Surgeon.

20. The proposal shall then be considered by the Committee. If the majority of the Committee are satisfied as to the eligibility of the Proposer, they may authorize the Secretary to issue a policy in Form No. 4 and to give intimation of the acceptance of the proposal to the Proposer through his immediate superior. If a proposal is not fully eligible, it may, with the consent of the Proposer, be accepted for a reduced bonus.

21. The Secretary shall forward the policy to the Officer in charge of the District Treasury within whose limits the Proposer may be employed, for delivery to him, on payment in cash of the first premium. The date of payment of the first premium shall be the date of the policy and shall be entered therein by the Treasury Officer before delivery.

22. When an Insured has to further insure his life as required by Rule 8, he shall submit a proposal in Form No. 2, signed as prescribed in Rule 17. The Proposer need not undergo a fresh medical examination unless more than 5 years have elapsed since his last medical examination held for purposes of Insurance under these rules; in which case, the procedure prescribed in the said Rule 17 shall be followed. When a medical examination is not necessary, the proposal shall be forwarded in a sealed cover to the Secretary to the Committee. Whenever the proposal is so forwarded by the Proposer's official superior, he shall state his own confidential opinion as to the eligibility of the life of the Proposer in Form No. 3 and attach it to the proposal in a sealed cover addressed to the Secretary to the Committee. The procedure prescribed in Rules 20 and 21 shall be applicable to this further insurance.

23. The Committee shall authorize payment of the bonus to the Insured as soon as possible on his completing the age of 55 years and on surrendering his policy. If the Insured is dead, the bonus shall be paid to his nominees by will or other document duly registered in the Office of the Secretary to the Committee, and failing such nominees, to his legal heirs, after proof of the accrual of the claim and surrender of the policy.

24. The first premium on each policy must always be recovered in cash from the Insured. Subsequent premiums shall be payable in advance and be recovered monthly by deduction from the pay of the Insured.

25. When the Insured is absent from duty on leave with allowances, the premium shall be realized when such leave allowances are drawn. If he should obtain leave without allowances or be suspended from service, the premium, if not otherwise recovered shall be a debt on his policy carrying interest at 4 per cent per annum and shall be recovered as arrears from his future pay, if any, in instalments not exceeding 5 per cent of such pay.

26. When an Insured who has ceased to be in the service of the Government is permitted to continue to pay premium till his policy matures, he may be allowed by the Committee to pay such premium monthly, quarterly, half-yearly or yearly into any Treasury of the Mysore Government. A grace of 15 days shall be allowed when the premium is payable monthly and a grace of one month when it is paid otherwise. If the Insured fails to pay the premium within the days of grace, no further cash payments shall be received from him but the arrears due and all future premiums shall be treated as a debt against his policy and recovered with compound interest at 5 per cent from his bonus.

27. Every Insured shall be supplied with a Premium Receipt Book (Form No. 3) in which payment of each premium shall be acknowledged by the Officer in charge of the Treasury where his pay is disbursed or by his immediate superior as the case may be.

28. If an Insured should lose his policy, a duplicate thereof may be issued to him by the Committee on his paying a fee of one rupee.

29. False information furnished by an Insured or production by him of any false evidence in connection with the insurance of his life shall render his policy null and void and the premiums paid by him shall be forfeited.

Narasimhaiya of Hutchangi, Manjarabad Taluk, Hassan District. C. Narasimhaiya. In August 1880 Appellant purchased for Rs 52 certain land at Hutchangi (40 yards × 40 yards) formerly the site of a Musafirkhana in a public auction held under the orders of the Deputy Commissioner for constructing a Musafirkhana; but, owing to some delay in the correspondence between the Amildar and the Deputy Commissioner, the certificate of possession was not granted till 21st March 1882. Shortly afterwards, *i. e.*, on 29th March 1882, the same land was by mistake included in Survey No. 45 and sold by the Survey Department in public auction at which Respondent purchased it for Rs. 41. Appellant was present at this last auction but raised no objection to the sale as he was not aware that the sale included the piece previously sold to him. He however complained about it in April 1882 and has been since complaining. The Survey Superintendent refused to cancel the last sale, because Appellant was present at the auction and raised no objection. The appeal is against this order. When the case came on for hearing, Appellant expressed his willingness to allow Respondent to have possession of the land, provided he agreed to build a Musafirkhana on the site at a cost not exceeding Rs. 500 within one year, and also to allow him the refund of Rs. 52 which

				he had paid on the land, and the Respondent agreed to build Musafirkhana accordingly. *Decision.*—The Deputy Commissioner was requested to see that the arrangement agreed upon is carried out. When the Musafirkhana is completed by the Respondent, the sum of Rs. 5 paid by the Appellant may be refunded to him (Respondent). The Superintendent of Revenue Survey was requested to separate the land under dispute from No. 45 and give it a sub-number. If the Respondent fails to build Musafirkhana within one year as promised, the Deputy Commissioner is authorized to make over the land to Appellant and to refund to Respondent such sum as he may be entitled to with reference to the area taken out of his possession.
2	7847--P. 54.	1st	The Deputy Commissioner of the Kadur District.	Appeal No. 2531 of 15th January 1891. *Appellant* .. Dharanasetti of Sringeri, Kadur District. This is an appeal against the order of the Deputy Commissioner, dated 3rd October 1890, fining Appellant in a sum of Rs. 500 for smuggling supari. The facts of the case are briefly as follow :— A certain quantity of supari purchased by Petitioner was found on its way to Sringeri on 29th April 1890 without a Kulwar chit and was seized by the Police. Petitioner's story is that he requested Sivaiya from whom he purchased supari at 3 r. on the 28th to obtain the Kulwar chit from the Patel and send it to Sringeri, where he was told by the Manegar Sitaramaiya that supari could be weighed and duty paid, but that his servants by mistake came away with the supari without obtaining Kulwar chit. Sivaiya states that he obtained the Kulwar chit on the evening of the 28th but that the supari having been taken away before he brought the chit, he took it to Kegga on the 29th and not finding supari there, he produced it at Sringeri on the 30th. He says he took the Kulwar chit to Kegga because it was the place to which Petitioner directed supari to be sent to be weighed by the Manegar. The

				is thus a contradiction between the statement of Petitioner and that of Sivaiya. The former states that he ordered supari to be brought to Sringeri, because he was told by the Manegar of Kegga that it could be weighed there, whereas Sivaiya states that it was ordered to be taken to Kegga. From this the Deputy Commissioner concluded that the supari was intended to be taken away to Sringeri without payment of duty, but that the plot having been discovered, Sivaiya obtained a Kulwar chit the next day and simply got it ante-dated. The Patel of Nemmar admits having granted the the Kulwar chit on the 28th, but his statement is considered unreliable. The duty sought to be evaded is Rs. 90. Petitioner's contention is that he never intended to evade the duty, and that he ordered the supari to be brought to Sringeri because he was told by Manegar Sitaramaiya that it could be weighed there. Not only Sitaramaiya denies having told Petitioner that he would weigh supari at Sringeri, but the Petitioner's statement is also at variance with that of Sivaiya who says he was ordered to send supari to Kegga. *Decision.*—Government therefore agreed with the Deputy Commissioner in thinking that the Petitioner did intend to evade the duty, but they considered that the fine imposed was heavy. They were therefore pleased to reduce it to Rs. 250.
3	7948—P. 124.	1st	The Deputy Commissioner of the Bangalore District.	Appeal No. 1896 of 11th November 1888. *Appellant.* *Vs.* *Respondent.* Munivira, Bidalpura, Devanhalli Taluk. Challappa. This is an appeal against the order of the Deputy Commissioner appointing Respondent as Patel of the village. The record of enquiry shows that neither Tippegauda (deceased father of Appellant Munivira) nor the present incumbent Challappa has any hereditary right. *Decision.*—The existing arrangement will therefore be continued and Appellant's claim and competency for the office considered when the office again becomes vacant.

4	7838—P. 134.	21st	The Deputy Commissioner of the Kolar District.	One Thata Nagaiya of Mulbagal appealed in his Petition No. 2202 of 20th December 1890 against a notice served on him under Section 37 of the Land Revenue Code, informing him that the building raised by him on a piece of land within or near the temple of Vithala Narayanswami which he obtained from one of the Dharmakartas would be removed by Government if he did not remove it himself, as the land in question was a place of public resort. In reply to the order contained in Government Proceedings, dated 8th June 1891, with reference to the above appeal the Deputy Commissioner of the Kolar District submitted with his letter No. 1160—283 of 15th July 1891 a plan showing the position of the temple of Vithala Narayanaswami and the place on which Petitioner Thata Nagaiya raised a building, and stated that the building in question is outside the compound of the temple and that a Municipal road leading to Agrahar intersects the compound and the disputed vacant site which is a place of public resort. *Order thereon.*—Under the circumstances stated, the Government will not interfere with the order passed by the Deputy Commissioner.
